

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. PRACTICAL SUGGESTIONS.

The minutes of associations are the source whence our statistics must be effy drawn. The clerks of the associations will confer a favor, and help the work which we have undertaken, if they will note the following particurs in their minutes:

- 1. The number of churches.
- 2. The names and post-offices of ordained ministers, whether pastors or not.
- 3. The additions by baptism, letter, experience, and restoration, in separate columns, added up.
- 4. The diminutions by death, letter, exclusion, and erasure, also in separate columns, and added up.

It will prevent confusion, also, if they will on the title page specify to what State the association belongs, and, if any of the churches are located in other States, indicate it in the minutes.

The minutes of State Conventions and General Associations have hitherto furnished us valuable help. The value of these minutes will be greatly increased if they embody, hereafter:

- 1. Correct lists of all the Associations in the State, with an abstract of their statistics as given above.
- 2. The names and statistics of Anti-Mission Baptist Associations, and lists of all unassociated Baptist Churches.
- 3. The number of Baptist houses of worship, with their value, and the worshippers that they can accommodate, together with the number and value of parsonages.
- 4 The statistics of Sunday-schools,—number of schools, officers, teachers, scholars, volumes in library, teachers baptized, scholars baptized, school expenses, and benevolent contributions.
- 5 The name and post-office address of every ordained Baptist minister in the State.
 - 6. Lists of all the ministers who have died in the State during the year.

A special request is made that the clerks and secretaries of all Baptist Associations, Conventions, Societies, Theological Seminaries, Colleges, and other educational institutions, will please forward, as soon as they are issued. two copies of their minutes, reports, or catalogues, to B. The annual sermon was preached by Rev.
Geo. D. Boardman, D. D., of Pennsylvania.
The President introduced to the Union the
deputation from "the British and Irish
Baptist Home Mission,"—Rev. Dr. Thomas
Price and Rev. R. M. Henry, who made addresses respecting the object which they
have come to represent.
The following resolutions were stonted.

The following resolutions were adopted:

Resolved, That we have heard with deep interest the statements of Rev. Thomas Price, D. D., and Rev. R. M. Henry, in regard to the work of the British and Irish Baptist Home Mission in Ireland, and we extend to them a cordial welcome as brethren be-loved, and accredited representatives of the churches of our faith in the British Isles.

Resolved, That we heartily commend these brethren to the sympathy and material aid of the churches of this country, in their efof the churches of this country, in their ef-forts towards establishing, in a priest-ridden land, true churches of our Lord Jesus Christ, in the faith and order of the New Testament. The Annual Report of the Board was read, from which we gather the following:

PERIODICALS.

The circulation of the Missionary Magazine is about 4,000 copies. The receipts for the year ending December 31, 1868, were \$3.282.20; and the cost of publication was \$2.914.81, leaving a balance in favor of the Magazine of \$367.39. This periodical has always considerable. \$367.39. This periodical has always considerably more than paid the cost of publication, while the *Macedonian* has for many years been published at a loss. The balance against the two periodicals on the 31st day of December, 1866, was \$2,675.30. When we entered into partnership with the Home Mission Society for the publication of the *Macedonian*, in 1867, this balance was charged to the *Magazine* secont and the wearly profits of the azine account, and the yearly profits of the Magazine have been applied to its discharge. The balance had thus become reduced, on the 31st of December last to \$1,972.32. The Union having received a bequest from the estate of Miss Eliza B. GENERAL SUMMARY.

Missions of the Union 13,-that in Africa having been added. In the Asiatic Missions are 19 stations where American missionaries reside, 328 outstations, and 315 churches. Members, 15,974. Baptized during the year, 1,296. Whole number of American laborers tonnected with the Asiatic Missions, includ-ing those under appointment, 101.—47 males, and 54 females. Native preachers, teachers, and colporieurs reported, 423.—of whom 74 are ordained.

Taking in those churches in Burmah not immediately under the supervision of missionaries of the Union, we have 427 outstations; 414 churches; 1,529 baptized; total of members, 50,193; native helpers, 512, of whom 80 are ordained.

The tables from the missions in Europe give the following totals: stations and outstations, about 1,400; churches, 303; preachers and colporteurs, 37; baptized, 2,245; total membership, 25,426.

Combining the statistics of the missions in

Asia and Europe, we have, stations and outstations, about 1,750; churches, 718; mission. aries, ministers, and assistants, 847; baptized during the year, 3,541. Members in Europe and Asia, 41,400; and adding those members in Asia not immediately under the super-vision of the Union, 45,619. The death of Rev. Robert F. Hill, under appointment to the African Mission has been

alluded to. The Board says:
This dispensation broke in sadly upon the cherished plans of the Committee, and it was not until after correspondence with Rev. John T. Richardson, Corresponding Secre-tary of the Liberia Baptist Missionary Union, tary of the Liberia Baptist Missionary Union, that they saw clearly what steps next to take. Mr. Richardson, after consulting with his brethren, suggested the names of persons suitable to act in the capacity of a Missionary Committee, Correspondent, and Treasurer, on the plan approved by you last year; also the names of parties worthy to bear the messages of life to the native tribes. In conformity with these suggestions the Viscoutive sages of life to the native tribes. In conformity with these suggestions, the Executive Committee, about the middle of January, appointed Rev. A. Woodson, Rev. J. T. Richardson, and Mr. John H. Chewen, Missionary Committee; Mr. Richardson to act as Correspondent, and Mr. Chewen, formerly Secretary of the Republic of Liberia, as Treasurer. At the same time they appointed four missionaries, as follows: Mr. Richardson, to labor in the vicinity of Virginia; Jacob W. Voubrun, W. F. Gibson, and Mr. Herndon, to labor among the Bassas. The Committe also sent forward one hundred pounds sterling, with forward one hundred pounds sterling, with definite instructions as to the use to be made of the funds. At the moment of writing this, no returns have reached us. It is the hope and purpose of the Executive Committee to prosecute this undertaking with increased vigor, expending on it all the means the friends of missions may entrust to them for the purpose.

On motion, it was resolved that the place of meeting next year, he referred to the Ex-ecutive Committee, and that W. W. Everts, D. D., of Chicago, be the preacher, and S. R. Mason, D. D., of Cambridge, Massachusetts,

his alternate.

The following extracts from the Report of Board will show the progress for the year.

GROWTH OF LATE YEARS.

Its rapid growth of late years in the confidence and affection of our wide-reaching denominational fellowship, is not only encouraging, but inspiring. Think of the fact that six years ago less than thirty-six thousand dollars constituted its total annual receipts; while the past year we have received into the treasury more than one hundred and forty-four thousand dollars. The number of la-borers then employed was only ninety-siz; the number for the year just closed, two

hundred and seventy-six.

For the year ending March 31st, 1860, churches and individuals from only nineteen States and Territories contributed to the treasury of the Society, while for the year just ended, thirty-two States and Territories are represented in the contributions,

MACEDONIAN AND RECORD.

About one year since, the Board adopted

the following resolution:

Resolved, That in the opinion of this Board, the much wider circulation of the Macidonian and Record in the various Home Mission fields will greatly increase the intelligence, enterprise, and Christian zeal of the people, and that all missionaries employed by the So-ciety, be, and hereby are instructed, to take special pains to introduce said paper into as many families as possible, and to continue their exertions year after year, in promptly renewing the subscriptions and increasing its circulation.

By the generous cooperation of pastors, missionaries, and members, the circulation has increased to over fifty thousand.

The Society held its thirty-seventh anni-versary in the Tremont Temple, Boston, amounting to one hundred and forty-four May 19th, 1869. (\$144,032.05.)

WHAT WAS DONE WITH THE MONEY.

This money was used, in part, to pay a debt of twenty-one thousand dollars, contracted by the Board the previous year, in their great eagerness to support the largest number of laborers possible; in part, as church edifice loans, to encourage the building of meeting-houses; but mainly to sup-port two hundred and seventy-six laborers in various parts of North America, who preached twenty-four thousand three hundred and thirty-seven sermons; gathered into churches, by baptism and letter, six thousand four hundred and eighty-one believers; organised sixty-four churches; visited, religiously, fifty-five thousand seven hundred and two families; held fourteen thousand nine hundred and twenty-eight prayer-meetings; assisted in building sevty-one meeting houses; prompted the young churches to contribute to benevolent objects, officide of the support of their own ministry, six thousand five hundred and forty-one dollars and thirty-eight cents, and gathered into church schools, for the study of the Scriptures, thirty-two thousand six hundred and seventy-two persons.

THE WORK IN THE SOUTH.

The work in the South has been prosecuted with energy and success. Over one-third of our missionary force, numerically, has been given to those States where slavery formerly existed. In the main, the people have received us gladly, and many are cooperating with us hear ily. But the destitution is appalling, and that, too, not alone among the recently emancipated. Your Board are of opinion that the States of the great West and Northwest, which have been so long and so largely aided by this Society, and which have grown so rapidly in wealth, in population, ne generous cooperation of pastors, inseionaries, and members, the circulation as increased to over fifty thousand.

Total Receipts.

The total receipts for the year have been grown so rapidly in wealth, in population, and in power, should now be called on to ask less and help more. With such assistance as they can render, and bo blessed in the rendering, this Society can carry the peace and healing of the gospel with great rapidity into all that South land.

SECULAR EDUCATION OF FREDMEN.

Only as money has been sent to us and designated for that particular object, have we done anything in the way of secular educadone anything in the way of secular educa-tion among the freedmen. So great has been the confidence felt in the Society as "an agency to be loved and trusted," that several churches, Sunday-schools, and indi-viduals, proposing to sustain teachers in the South, have asked us to commission them, and regard them in the light of assistant missionaries. This we have done to the full extent of their contributions; and these teachers, being in all instances disciples of Christ, have performed much valuable missionary labor.

THE EDUCATION OF COLORED PREACHERS

has been carried on with steadily increasing interest and energy. All your missionaries, not only in the South, but wherever in all the land they could gain access to the colored race, have received from your Board instructions to gather and teach, if possible, one or more classes of freedmen preachers. And this work has been done. The economy of the method is apparent, since the same salary pays both preacher and teacher, and the salaries of separate theological professors are thus saved. This plan works admirably for the older class of preachers.

For the younger, we have carried out your instructions, and continued and increased the theological schools. And never were these schools in so prosperous a condition, or doing so much good as now. They are fountains of moral health and spiritual blessings to the colored race.

INDIAN MISSIONS.

It will be remembered that, during the war, meeting-houses were burned congregations and schools were broken up, property was destroyed, and missionaries were driven from the field. In consequence of this derangement, Secretary Backus visited both the Pottawatomies and the Cherokees in the months of October and November, and was enabled to render important service in preaching to the natives through interpre-ters, and in helping to reorganize the Mis-sion. He also advised in the selection of a new site for the mission premises among the Cherokees, at Tahlequah, the capital of the nation, the former site having been destroyed.

A title has been secured from the United States Government for the lands in our possession among the Pottawatomies in Kansas, and the compensation, so long delayed, for demages done during the war to the Cherokee Mission, has been received.

The Cherokee printing-press, owned by the Society, has been sold during the war to the

these, 101,989, or nearly 48 per cent., were from Germany, 47,571 from Ireland, 37,687 from England, Scotland and Wales, 14,520 from Sweden, and the remainder from nearly every country in Europe, with a few from South America, Asia, and Australia. A com-plete record is kept by the Commissioner of Emigration of the countries from which the immigration of the countries from which the immigrants come, and of their destination. This record shows that 101,94% passed immediately to new homes in the Western States and Territories, 66,714 remained in New York, and 7,127 went to the 50 deern States. Your Board have endeavored to do their utmost to carry the light of life to those from other lands who are thus still comping

from other lands, who are thus still coming to make their homes in America. The work has been prosecuted as vigorously as our means would warrant, among the Germans, the French, the Swedes, the Danea, the Norwegians, the Hollanders, and others.

CHURCH EDIFICE FUND.

The transactions in this department have been less than we could have wished, but the good done has been very great. Struggling churches have been encouraged, and the hands of feebleness have been made strong in numerous instances. Church properties have been saved from being sacrificed by a prompt loan of less than one-quarter of their value; and advantageous positions have been secured to the denomination by the timely employment of this fund.

DEMANDS FOR ENLARGEMENT.

I. In the Northwest.—It is true beyond doubt that "the rapidity with which the agricultural, commercial, and productive resources of the great Northwest are increasing is almost inconceivable. In 1818, the commerce of the great lakes was less than \$1,00,000; 11 1841, it was \$65,000; in 1850, it was \$608,-000,000; and it now exceeds \$1,000,000,000."

With these swift marchings of commerce, the gospel must keep pace. The religion of the New Testament is full of enterprise. If we Baptists fail to administer it with that understanding, God will set us aside, and entrust the work to worther hands. Your Board plead for more men for the Northwest, nounce press for more men for the Northwest, and more money to sustain them; and from the people of the Northwest they at the same time ask that God be honored by a tenth of al! their increase, that the progress of the work may be accelerated in the remoter West, and in the impoverished South.

II. Along the Pacific Railway.—This great highway of the nations is just now opening. It has been carried forward with marvellous session among the Pottawatomies in Kan.

sas, and the compensation, so long delayed, for damages done during the war to the Cherokee Mission, has been received.

The Cherokee printing-press, owned by the Society, has been sold during the year to the Cherokee nation. Your Board are of opinion that the interests, both of the Indians themselves, and of the Home Mission Society, will be promoted by this transfer.

THE WORK AMONE FOREIGNERS.

During the year 1868, 213,686 immigrants arrived at the single port of New York. Of line, whose teeming masses must be fed with | the bread of life. In behalf of these, your Board entreat for enlargement. We implore from the churches more prayer, more faith,

and more money.

III. On the Pacific Coast.-The opening of the Pacific Railway enhances vastly the importance of our work upon the Pacific coast.
Oh, that we had a hundredfold more men to send, and a hundredfold more means to sup-port them. Never in the history of the world were there such opportunities to do great things for Christ, in laying foundations, as at the present hour along the Pacific Rail-

way and on the Pacific coast.

IV. Among the Freedmen.—Every eighth man in the United States is of African de-From centuries of bondage and ignorance, God has not only brought this people out into liberty, but is beginning to give them place and power. The majority of them, who are religious at all, are Baptists. What sort of Baptists shall they be? No other denomination has so much at stake in this people as we have. They need schools; they need intelligent preaching and guid-ance; they need, above all things, a truly

ance; they need, above all things, a truly pious and educated leadership, trained up from their own ranks. Shall they have it?

V. In the Republic of Mexico.—God, in his providence, has opened to us a way into the very heart of this papal land. Though a part of the Home Mission field, it has never yet been occupied by us. The population numbers eight millions. Chill recently they were all Roman Catholics,—compelled to be so by law. But within a few years there has been a wonderful overturning. The true been a wonderful overturning. The true democratic principles of the United States, and the doctrines of religiou-liberty, particularly as held and taught by Baptiste, have proved contagious; so much so that full onethird of the people have not only become Protestant at heart, but have a strong leaning towards the principles and church polity of the Baptists. The Catholic Church party and the Liberal party have been struggling for the mastery in Mexico for many years. At the mastery in Mexico for many years. At length the Church party has had to yield. A constitution, granting liberty of worship, has been adopted, and now prevails. As a result, we hear with joy that thrills us, that six small congregations, holding essentially the principles of Baptists, have already organized themselves, and are worshiping our Lord Jesus Christ in the way that Rome calls heresy. This seems to be a movement simiheresy. This seems to be a movement similar to that which occurred years ago in Germany under Oneken, and later, in Sweden, under Wiberg. It is a movement that must be fostered. We deem it imperative to send two or more men to that field at the earliest moment possible.

The committee appointed at the meeting in 1868, to consider the education of Freedmen, presented the following report, which was

adopted:

In view of the magnitude of the work which Divine Providence has committed to the Baptists of America by the emancipation of more than two millions of people sustaining denominational relations to us, and the necessity of educating preachers of the gospel as a Christian leadership, it is

Resolved, 1st, That we recommend to the

Society, at its next annual meeting, to organize a special department in its Board, and to elect a Secretary for the prosecution of this work; and that the Secretary so elected shall transact the business of the department at the rooms in New York, and devote all his time and energies to this new department, under the direction of the Board.

Resolved, 2d, That hereafter, in electing members of the Board, three brethren shall be chosen from Boston or vicinity, with special reference to service on a standing com-mittee of five to be appointed by the Board; and that said committee meet as often as they may deem necessary, and report to the Board, at least once in three months, all measures that relate to the workings of this

department.
The following resolution was adopted: Resolved. That it is the deliberate sentiment of this body, deepened by the experience of the meetings of the present year, that a three-day's meeting, embracing the several great Societies, is the best possible arrange-

ment in respect to our anniversaries.

The Board was authorized to appoint a committee to confer with other Societies on the subject of anniversaries.

The institutes, or schools, taught for the year were four,—at Washington, Richmond, St. Helena, and Augusta,—and special institutes, six; total, ten. Number of teachers and assistants, ten. Preachers and teachers under instruction by the year, 215, including 49 beneficiaries. Taught in the special institutes, 156 preachers and candidates, beside hundreds of teachers and other leaders, more or less regularly present. Average in attendance at all the schools, 588. Average number

The students in these institutes have been regular, industrious, and useful. One of the teachers reports: "The conduct of the students generally has been all that could be desired. Never could men work harder, or apply themselves more closely. Scarcely one has been absent or late at morning prayers, or a recitation, since the commencement of

the term."

The students have performed much missionary work. A teacher says: "Some have gone ten and fifteen miles regularly to hold meetings and conduct Sunday-schools; and their labors have been blessed to the conversion of souls."

The report of the Board indicates steady
and encouraging progress. During the year
Branch Depositories were opened at New
York and St. Louis, and a Depot of Supplies
for Colporteurs in the Northwest at Chicago.
"The Board regard the opening of these
branches as marking an important era in
the history of the Society's progress. Three
new centres of distribution, influence, and
power have been added.

RECEIPTS.

The receipts of the Society, in all departments, amount to \$27,2180.63. Of this sum \$227,083.88 were received in the Business, and \$45,076.75 in the Missionary department. The increase over last year in the business is \$35,973.31. The increase in the Missionary department is \$1,744.69. The total gain in the two departments over the receipts of the previous year is \$37,748.00.

ASSOCIATIONAL COLPORTAGE.

In the report last year, we suggested the desirableness and feasibility of each Baptist association sustaining a colporteur within its own bounds. Two States have made a practical application of the suggestion. seventeen associations, ten of which support each a colporteur. In Missouri, seven assoeach a colporteur. In missour, seven accordance in their respective fields, and with blessed results.

To aid associations in the support of the

colporteur they may select and recommend to the Society for appointment, it will allow him 25 per cent. on his sales, and will also allow him tracts and books equal to 10 per cent. on his sales, to give away to the poor

and destitute on his field.

COLPORTAGE A MISSIONARY WORK.

Colportage, as conducted by the Society, is pre-eminently a missionary work, and one that is not performed by our other Societies. The colporteur is a pioneer missionary. He goes before the pastor and the home missionary, as their forerunner. There are in our country thousands of sparsely-settled sections, where things are not ready for the missionary. Into these the colporteur goes, to prepare them for the cultivation of others. He passes from house to house, be they cabins or mansions,
—not as a book-peddler, but as a man of God, preaching the gospel from door to door, intent preaching the gospel from door to door, intent upon saving souls. In connection with the distribution of good books, he converses with each member of the family on personal religion, exhorts them to repentance, reads to them God's word, and kneels with them in prayer, and tracts and books are left. The Bociety, by its colporteurs, have made nearly roars' thousand such visits during the past

After the families of the neighborhood are thus visited, then a Sunday school is formed. If circumstances favor, a protracted meeting is held in the log school-house, which often regults in conversions, and sometimes in the organization of a church, and thus the way is prepared for the home missionary. Many such instances have come to the knowledge

of the Board.

NEW PUBLICATIONS.

There have been issued during the year forty-four new publications, as follows:
25 Sunday-school Library Books.
2 Sunday-school Monthly Lesson Papers.

GRANTS.

Donations have been made to church members, pastors, missionaries of the Home Mission Society and State Conventions; to Tract Societies and Young People's Associations; to churches, associations, and conventions; to schools, colleges, universities, and theo-logical seminaries; to homes, houses of re-fuge, prisons, and alms-houses.

These grants have been widely distributed, These grants have been widely distributed, extending to Alabama, Arkansas, California, Colorado, Connecticut, Dacotah, Delaware, District of Columbia, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Massachusetts, Maine, Mississippi, Nebraska New Jersey, New York, New Hampshire, North Carolina, Ohio, Orgon Pennaylyania, Bhoda Island South Carolona Pennaylyania, Bhoda Island South Carolona, Control of the Carolona Control of the Carolona Carolona, Carolona Carolona, Ca gon, Pennsylvania, Rhode Island, South Caro-lina, Tennessee, Texas, Vermont, Virginia, West Virginia, Wisconsin, Africa, Burmah, Nova Scotia, and other places.

The colporteurs, Sunday-school mission-aries, and district secretaries have distri-buted among the poor and destitute on their fields, 9,521 books and 514,170 pages of tracts,

valued at \$3,032.29.

Libraries, Testaments, Young Reapers, or requisites, have been given to 285 Sundayschools.

There is no part of the Society's varied benevolent work in which the Board take more pleasure than in making small additions of good books to the scanty libraries of needy but worthy ministers. This is increasing the power and influence of those whose life-work is to influence others. The value of a few choice books, to a minister who has none, cannot be expressed.

Small libraries, amounting to about \$15.00 each, of well-selected books, have been sent, during the year, to 47 white and to 28 colored ministers,—75 in all.

Grants of \$10.00 worth of books have also been made to twenty colored students for the ministry. Two hundred and thirty others have each been supplied with one or more volumes.

The money value of the various grants for

the year amounts to \$12,566.83.

THE BIBLE SOCIETY.

Early in the year, the Board of the American and Foreign Bible Society sought a con-ference with the Board of this Society on the desirableness of a union of the two societies. A number of meetings were held, and the result of the consultation is the adoption and recommendation by each Board of the following basis of agreement:

Basis of Union between the "American and Foreign Bible Society" and the "American BAPTIST PUBLICATION SOCIETY."

1. That the first article of the constitution of the American Baptist Publication Society shall be altered so as to read, "The name of this Society shall be either 'The American Baptist Publication and Bible Society,' (as papers rubication and Bible Society, but the Board of the Publication Society of American Baptists, (as preferred by the Board of the Bible Society,)" or any other suitable name which the united Society may select.

2. That the second article of the constitu-tion of the American Baptist Publication Society shall be altered so as to read, "The object of this Society shall be to promote evangelical religion by means of the Bible, the Printing Press, Colportage, and the Sunday-school," or words to that effect.

3. That the rights and privileges of the Life Members and Directors of the American and Foreign Bible Society shall be recognized.

Foreign Bible Society shall be recognized and allowed by the American Baptist Publi-

carion Society.

4. That the property of the American and Foreign Bible Society, consisting of Scriptures, stereotype plates, &c., after all its liabilities are liquidated, shall be made over to, and used by the American Baptist Publication Society in Bible work.

5. That the American and Foreign Bible Society shall not transfer any pecuniary liability to the American Baptist Publication

Society,

6. The American Baptist Publication Society shall prosecute the Bible work, as now carried on by the American and Foreign Bible Society, to the extent of the means furnished for that purpose; and shall, as a Bible Society, use all suitable efforts for the procurement

of such means, and the performance of such work

In view of this action of the Board, the following resolutions were adopted:

Resolved, That this Society heartily approves

of the "Basis of Union" with the American and Foreign Bible Society, as agreed upon by the Boards of the respective Societies, and hereby instructs its Board of Managers on the one part to carry out the proposed plan, and enter with all possible efficiency and dispatch upon the Bible work.

Resolved, That the Society adopt the basis of union.

Resolved, That the Society adopt an amendment to the second article of the constitution, defining the object of the Society. The amendment to consist in the insertion of the amendment to consist in the insertion of the words "The Bible "immediately before the words "the Printing Press." &c., making the article, as amended, read, "The object of this Society shall be to promote oungelical religion by means of the Bible, the Printing Press, Copportage, and the Sunday-school."

**Resolved, That the Society shall prosecute from this time the Bible work to The North Contract of the Printing Press, Copportage, and the Sunday-school."

from this time, the Bible work, to THE EXTENT OF THE MEANS FURNISHED FOR THE PURPOSE, and that the Board be instructed to use all suit-

that the Board be instructed to use all suitable efforts for the procurement of such means and the performance of such work.

Resolved, That when the Society adjourns, it shall adjourn to meet, at a time to be designated by the Board, after the Bible Society shall have obtained the necessary legislation,

shail have obtained the necessary legislation, and is prepared to make a legal transfer of itself to this Society. Resolved, That at this adjourned meeting the Bible Society shall be received, and a name shall be selected by the united Society, in accordance with article first of the basis

of agreement.

Resolved, That when the Bible Society is Resolved, That when the Bible Society is actually transferred, and the name has been selected, the Society shall so amend article first of the constitution as to change the name of the Society into "The American Baptist Publication and Bible Society," or "The Bible and Publication Society of American Baptists," or into any other suitable name that the united Society may select.

This also, whether right or wrong, since the conviction exists, and is powerfully operative in many minds, must be taken into operative in many minds, must be taken into consideration by us, and yielded to so far as deemed just: for certainly, at such a time as this, none of us would hesitate to insist on rigid economy in using the funds, gathered with such difficulty and scantiness, to meet the urgent demands for evangelizing the world.

It also authorized the President to accept for

the Society the invitation to meet with the Publication Society, in the afternoon and even-ing, to discuss the importance of prosecuting

SUMMARY RESULTS OF LABORS.

It cannot but be interesting to contemplate the results of the endeavor, which we and our fathers, now passed away to their reward, have accomplished in the third of a century since the inciplent formation of our Society. For a the inciplent formation of our Society. For a portion of this period, the returns from the foreign fields, or a portion of them, have been less definite and full than we could desire; but, according to the best data now accessible, the results appear as follows: The entire amount of receipts, (not including those for real estate,—the Bible House enterprise,) has been, from all sources,—churches, individual contributions, remittances from auxiliaries, legacies, and receipts from the sele of Serio. legacies, and receipts from the sale of Scripsignates, and receipes from the sale of scriptures, etc., \$1,106,580.92, showing an average of \$33,533 nearly, each year. Never have they exceeded this sum much more than one-third in the best years, nor fallen short more than about one-half of this sum in the scantiest year. Considering the great fluctuations of various kinds which have occurred in this third of a century, such a measure of uniformity is remarkable. But the more important ity is remarkable. But the more important fact is, that so wisely and economically have these receipts been expended, as to put into circulation in our own country and in foreign lands 2,230,583 volumes of Scriptures, pretty nearly even divided between home and foreign issues. The cost of translations and revisions, in many instances, has been large, which is also included. The Lord be thanked for this amount of success !

AMERICAN BIBLE UNION.

the American Bible Union in the Year-Book, on the ground that this was to claim it as a Baptist Society, while it was really strictly undenominational in its character, as truly so as the American Bible Society, or the Ameri-can Tract Society. In order to act advisedly in regard to the matter, a letter was addressed to the Corresponding Secretary, stating the objection and asking whether it should be put among our Baptist Societies. In reply he says, "I see no reason, whatever, why the American Bible Union should not appear in our Year-Book." On this authority, there-On this authority, therefore, it is inserted here.]

The American Bible Union convened for its

Twentieth Anniversary in the Mariners' Temple, New York, on Wednesday, October 20th, at 9 o'clock A. M., and continued through that day and the next. In numbers, interest, and enthusiasm, the meetings surpassed those of preceding years. Sweet seasons of prayer, cordial fraternal conference at the hours for lunch and tea, able reports from committees, and sound, stirring speeches, as well as prac-tical measures for the wider success of the work, and a good round collection of funds for the cause, were among the features of the

gathering.

The President, Dr. Armitage, having failed to reach home from Europe, Rev. T. D. Ander-son, D. D., Vice-President, presided. We make the following extracts from the

ANNUAL REPORT.

Large attention continues to be bestowed upon the condition of our Southern States. The need and demand for the gratuitous distribution of the Revised Scriptures among the tripution of the Revised Scriptures among the destitute in that region of our beloved contry, increase with the enlarged facilities of elementary education. Improving upon the primary books already issued, we have prepared a book of one hundred and thirty pages, alled the Bible Primar which gives called the Bible Primer, which gives great satisfaction wherever it is introduced. Many thousands have been printed, and they are used not only at the South, but also at the East and West. For these, and for the Testaments of all sizes, but especially for those prepared for Sunday-schools, the demand for prepared distribution allows. gratuitous distribution always greatly exceeds the means at our disposal.

The Spanish Scriptures have assumed a new phase of interest, intense and absorbing. A special correspondence has been opened which is likely to result in the wide-spread dissemination of our Revised Spanish Testa-ment in Spain itself. In accordance with a plan of operations already adopted, the Testament has undergone another revision, and the set of plates belonging to the Union in Edinburgh has been corrected and improved. A new edition has been printed from them for use in Great Britain. After the plates are properly cleaned and retouched, a third set is to be cast, and the original plates are to be transferred to the capital of Spain, to be printed from, according to the demand. The arrangements there made for the extensive the book.

Objections were made to the insertion of circulation of this excellent version are of the

most hopeful character.

The Book of Exedus has been revised by Dr. Hackett, with the aid of another eminent scholar. But the condition of Dr. Hackett's health prevents him for the present from pre-paring it for the press. He has suffered from serious illness during the present year, and has not yet recovered from its effects.

has not yet recovered from its effects. He hopes soon to resume his work for the Union. The probability is, that, after the first of May next, he will transfer his labors to the New Testament in our employ, and at the same time be connected with an institution of great and deserved celebrity. The difference of location consequent on this anticipated change, and variety of occupation, are attracted decidedly and permanentize here. expected decidedly and permanently to benefit his health.

Judges and Ruth, also from the pen of Dr. Hackett, and Joshua, and First and Second Samuel, revised by Dr. Bliss, are finished, and Dr. Bliss is engaged in revising the First Book of Kings

Nearly one hundred pages of the Psalms, as revised by Dr. Conant, are already in type, and the work of revising and printing is proceeding with great energy. Of these various books, specimens in manuscript and type will be placed in the hands of the committees

appointed by you.

Brother Lord has been retarded in his work. the translation of the Testament into the Chinese character and the Ningpe Colloquial, by the sickness and death of his beloved and eminently useful wife, and by his own ill health. He has been wonderfully sustained by divine grace, and is resuming his labors with vigor.

The following extract of a letter from him, dated August 16th, 1869, and received this month, shows that the press and accompany-

ing type have not yet been forwarded to him:
"Your favor of June the 21st came to hand
by the last mail. I am sorry to learn that my specification was too indefinite, and so had caused delay. I shall, of course, try to be patient, and I doubt not it will all turn out for the best. Had the press and type come to hand, nothing could be done with them till the hot weather is over, as this and other duties, which cannot well be laid aside, ex-haust all my strength."

An Indian version, the translation of the Gospel by Matthew into the Maya tongue, the language of a tribe of American Indians, has been forwarded to us in manuscript by the translator, Rev. Alexander Henderson, of Belise, Honduras. Brother Henderson has the translator, Rev. Alexander Henderson. of Belise, Honduras. Brother Henderson has enjoyed the most favorable opportunities of studying this language from his residence for many years in the vicinity of this tribe, and we know of no reason to doubt his competency as a translator. The tribe is numerous and influential, and the field of usefulness, that would be opened by printing the version. Is very inviting. We hope that the Union will soon furnish the Board with the requisite means for printing and circulating requisite means for printing and circulating

Brother Henderson would follow it with | other parts of the Testament, for which he

has long been preparing.

Rev. A. Wiberg, the Oncken of Sweden, has addressed to us a long and deeply interesting letter, under date of September 7, 1869, pressing upon the Bible Union some of the strongest reasons for revising the Swedish version of the Sacred Scriptures. He recommends. as a person every way qualified to conduct the work, a brother thoroughly educated and distinguished for his knowledge of Hebrew, Syriac, Greek, and Arabic. This matter is one of the gravest importance, and will claim your attention through a committee

The Board have had under consideration the question of appointing a Southern Cor-responding Secretary, to reside constantly at the South, surrounding himself with brethren capable of advising and assisting him, and superintending all our business in that quarter, raising money, directing appropriations, employing agents, and diffusing intelligence, by means of the press, and otherwise, as needed. They recommend the project to you, and in case you adopt it, they suggest the name of the brother whom they regard as qualified to occupy the position.

In closing this report, it affords us intense delight to testify to the unceasing thankful-

ness due from us for the honor conferred upon us by the Author of the Bible.

On motion of Dr. Wyckoff, article 7 of the constitution was altered so as to read, instead of "the Executive Board of the Union shall consist of twenty seven Managers," the Executive Board of the Union shall consist of forty-two Managers.

A motion that "eleven members shall constitute a quorum at any regular meeting of the Board," was referred to the Executive Board, with power.

Finally, on motion of Dr. Chadsey, it was Resolved, That the Board, in determining the number of its body that shall constitute a quorum (which has been referred to it), be directed to conform their action to the laws of the State. On the suggestion of the Corresponding

Secretary, it was

Voted, To create the office of Southern Corresponding Secretary, and authorize the Board to fill it

SOUTHERN BAPTIST CONVENTION.

The fourteenth annual meeting of the Convention was held in Macon, Georgia, May 6th, 1869. The President, Rev. P. H. Mell, D. D., of

The annual sermon was preached by Rev.
E. T. Winkler, D. D., of South Carolina.
In regard to the colored population, the following resolutions were adopted:
Resolved, That we, as Baptists at the South, recognize the high and sacred duty of giving a pure gospel and enlightened ministry to the colored population now living among us.
Resolved, That we recommend to the churches

and district and state associations to pay spe-cial attention to the religious instruction and spiritual interest of the colored people in their midst

The following report of the committee appointed at the last meeting of this convention, to "visit the American Baptist Home Mission Society, and to reciprocate the courtesies of that body," was presented and adopted:

The committee who were delegated by this convention, at its last session, to visit the American Baptist Home Mission Society, and American Laplace Fourieries of that body, beg leave to reciprocate the courtesies of that body, beg leave to report: That the undersigned duly repaired to the city of New York, and on the 27th day of May last were welcomed, not only with kindness, but with affectionate enthusiasm. Your committee have every reason to hope that good was done by those mutual greetings and interchanges of Christian feelings. They cannot doubt that these fraternal overtures and interviews are eminently pro-

per; as becoming the disciples of Jesus; as tending to restore peace, love, confidence between brethren; and as in harmony with the heart of that adorable Redeemer, whose last new commandment was that we should love one another as he loved us; whose farewell prayer was "that they may all be one, that the world may know that thou hast sent me."

DOMESTIC AND INDIAN MISSION BOARD.

A PPOINTMENTS.

Twenty-six missionaries were under appointment during the year, including four brethren who performed agency labor, in the aggregate, some thirteen and a half months. Some of these missionaries have been sustained in part by associations and conventions, desirous to occupy their respective fields with evangelical labor.

FINANCES.

At the close of last year, April 1, 1868, there remained on hand \$1,082.98. There has been received from all sources during the year ending April 1, 1869. \$18,205.53; which, added to the amount on hand at the commencement of the year, makes \$19,288.51, at the disposal of the Board. Paid out during the same period, \$18.264.69; leaving a balance on hand of \$1,023.82, most of which is unavailable at present, consists of dich billy the accords representations. sisting of due bills taken as cash subscriptions, and so entered upon the books of the Treasurer. The permanent fund consists of three notes, amounting to \$2,500.00, and bearing interest at 8 per cent.

The deficit remaining unpaid, April 1st, 1868,

(\$17,499.63,) has been met in part. There yet remains due to missionaries, for past services,

remains due to missionaries, for past services, including a balance on current expenses, for the year ending April 1st, 1869, \$11,906.54.

In this connection, we may be allowed to mention a most gratifying fact, as manifesting a spirit of sacrifice and magnanimity worthy of all praise. When it was found impracticable of all praise. When it was found impracticable for the Board to meet promptly its liabilities under existing circumstances, and to relieve it at once of further anxiety and difficulty, a proposition was made, by one of the old missionaries, that all should donate the balance due them to the Board, or as much as possible, that it might be free to go forward with its agressive work. Several of this noble hand gressive work. Several of this noble band have already responded to this suggestion, though bowed down with the weight of poverty, and sternly pressed with the cares of a household.

Foreign Mission Board.

DEBT OF THE BOARD.

The last annual report revealed the fact that the debt of the Board, which at the close of the war amounted to about \$10,000, had been reduced to a little less than \$2,000. Subsequently, it appeared that several hundred dollars, which it appeared that several hundred dollars, which had not been made known, including deficiencies of the preceding year, were to be added, making the entire debt in April, 1868, something like \$3,000. It has been the earnest desire of the Board to cancel all these obligations, especially as our missionaries are subjected to serious inconvenience, being compelled to borrow on the credit of the Board, at a high rate of interest. This has been, to some extent, effected. But there yet remains, so far as we can now secertain, an indebtedness of about eight hundred dollars,

STATE OF THE TREASURY.

The amount in the hands of the Treasurer at the last meeting, in Baltimore, was \$32.11-Since that period there have been paid by churches and individuals, up to April 15th, \$19,224.52. The amount paid out, as appears by the Treasurer's account, is \$19,153.02,—leaving a balance on hand of \$71.50.

THE HOME AND FOREIGN JOURNAL!

The issue of this monthly periodical as the joint organ of the Domestic and Foreign Mission Boards, is one of the most potent instru-mentalities we have been able to employ. The various papers of the South have gladly given various papers of the South have gladly given place to our statements and appeals, but the Journal has been found a special necessity. A portion of the paper has been placed at the disposal of the Theological Seminary at Greenville, by order of the convention. The number of actual paying subscribers has reached 4,000, while at different times a larger number has been published for graduitous distribution.

while at different times a larger number has been published for gratuitous distribution.

The expense of publication, clerk hire, postage, &c., has amounted to \$1,740.02. The sum of \$1,205.70 has been received, leaving a deficiency of \$534.32, which has been divided program between the the two Boards and the Theo-

logical Seminary at Greenville.

MISSIONS OF THE BOARD.

CHINA

SHAN TUNG MISSION.

Shan Tung District is the most northern of Shan Tung District is the most northern of the stations occupied by our missionaries, and comprises a population of about twenty-five millions. The climate is favorable, and is in proximity to the great city of Pekin, the capital of China. We have two stations in this district. The missionaries occupying these stations are residents of the city of Tung Chau, though laboring in two different fields. While they consult frequently together, and work in harmony, they are entirely independent of each other, and make their distinct reports to the Board.

The communications of Rev. T. P. Crawford and his wife have been of an encouraging char-acter. They reveal the fact that they are im-pressed with an increased conviction of the importance of the field they occupy.

Mr. Crawford thus addresses us in the early

part of the year:
"Our work is very encouraging. Many persons are manifesting an interest in the doctrine. To show the fact, let me say, that all last year Brother Hartwell baptized only four persons. In the first three months of this year he has already baptized eight. Last year I baptized five; this year, I have already received four.'

ceived four."

Subsequently he says: "During the last two Sundays I have baptized three very interesting persons; two of them are men of standing and influence, living in country villages not far distant,—one the wife of a recent convert. She as poor, but young and intelligent, and is capable of growth in grace. Thus my little church is steadily growing in numbers and moral power. I now have an inquirer at my house, who has walked some fifty miles to listen to the doctrine. I see a great and radical change. the doctrine. I see a great and radical change coming over the public mind, and I have never coming over the public mind, and I have never been so encouraged since I arrived in China. The harvest is ripening fast. The tide is turn-ing Christwards." In a recent letter received, Mr. Crawford states: "I baptized two persons last Sunday.

One is a good scholar, and seems to be a man of fine parts and much promise. The other is the eldest boy in Mrs. Crawford's school. Several other persons show interest, and we are more or less encouraged."

Mr. Hartwell and his wife are also employed

in this field, under circumstances peculiarly favorable. They seem to regard the indications on every hand as calling for an increased number of laborers, and for larger appropriations in the way of schools and of Bible and Tract distribution.

Under date of April 6th, he writes:

"You will be gratified to learn that we are having something more like a revival of reli-gion here than I have ever experienced in China before. For several months our congregations have been improving, and the in-terest of the hearers better. The feeling in the congregation seeming to justify, or rather to render it necessary, we have converted our evening worship into a more extended ser-vice, and have had our room quite full almost every night for more than a month. In quirers have increased in numbers, and their anxiety has increased in intensity. Several have given evidence of conversion, and eight have been baptized into our church. Some of these have been inquirers a long time; some of them are from a distance, whence they came specially to get religious instruction, women walking the greater part of 200 li with their little feet, in order to be where they might hear the truth more perfectly than a recent convert could explain it to them. These women drank in the truth with all conceivable eagerness, and three of them, with the husband of one, have been baptized. We trust there will be others to follow soon.

"August 10th .- In Tung Chau we have still very considerable encouragement. I had the pleasure yesterday of burying three persons in baptism. One an old man of 58, the father of the interesting young man of whose bap-tism I wrote you last month. He is a man of very considerable influence in the section where he lives, about 140 li distant from this. He was in business at Chefoo when foreigners first commenced visiting the port. He was one of our first friends there, so we have known him favorably for seven years or more, and are particularly rejoiced therefore at his conversion.

"Another of the candidates has been for some months a member of the Presbyterian church here, but being convinced from the reading of the Scriptures that the only scriptural baptism is immersion, he announced his intentions to his pastor, giving him his reasons, and then came to ask the ordinance at my hand. Faithfulness to my Master requires me to baptize all qualified persons who come

"The uneasiness in these Presbyte lan minds on the subject of baptism has originated with themselves, as I have not preached on the subject, nor drawn any very special attention to it for a very long time, and I don't think Brother Crawford has."

Subsequently he writes: "For several months I have been able to report additions by baptism to our church, and this month I have to report two more converts baptized. They are from Chau Yuen. I saw them on my visit there some time ago, and became satisfied of their conversion. When our brethren came up to the communion, at the beginning of this month, these two men came along specially to ask for baptism. Their hearts seemed full to the brim of love for the Saviour. In talking of his love, and of what Christ had done for them personally, they were frequently interrupted by gushing tears. Mrs. Hartwell and myself both notice that the Chau Yuen people have more heart than any other Chinese we have met.

SHANGHAI MISSION.

The great city of Shanghai is occupied by Rev. M. T. Yates and his wife. More inter-ruption than at either of the positions occu-pied by our missionaries in China have been suffered by political agitations, and by the spirit of opposition to the gospel in conriguous regions. But these lone missionaries have persevered in the midst of these difficulties. Brother Yates is desirous, at an early period, of establishing interior stations.

CANTON MISSION.

Our Brother Graves continues at his post, though in view of declining health, he had been urged by the Board to return for a season to this country. His sense of duty would not allow him to leave his work, especially as he had commenced the erection of his chapel, and as his health had greatly improved. He is now working vigorously, and under peculiarly favorable auspices. The two churches in the city of Canton, are under his care, be-sides the out-stations, one about thirty-five miles, and the other one hundred and thirty miles distant from the city.

In his annual report Brother Graves writes:

"The same commission which gives us authority to disciple and baptize men, bids us teach them to observe whatever our Lord has commanded. Hence the pastoral work is in-timately connected with the missionary work, the duty of training the native converts follows immediately upon their profession of the name of Jesus. The work in this departthe name of Jesus. The work in this department is two-fold; first, the instruction of the native brethren and sisters from the pulpit; and, secondly, the fuller training of those who are assistant preachers and colporteurs. In teaching the church, it is my custom, besides the usual sermon, to expound the Scriptian and the series are these series there were these series there. tures in order that our members, even those unable to read, may have the main facts of the word of God impressed upon their minds. Having gone through the historical parts of the New Testament twice, explaining a chap-ter each Lord's Day, I have this year begun and nearly finished the exposition of Genesis.

and nearly finished the exposition of Genesis.
"During my residence in Canton, two hours a day have been usually given to the Bible class for the preachers. This year I spent five weeks, during the months of March and April, in training them, giving them four hours daily. Two hours in the forenoon were devoted to studying the Old and New Testament, and two in the afternoon in learning engages of Christic engages. singing, geography, the evidences of Christi-anity, etc. I hoped to have these brethren to-gether again during the summer or fall, but was prevented by want of physical strength. "The statistics of the churches for the year

are as follows:

1st Canton, 2d Canton,	3	5	3	15 81	\$ 7 72 30 04

Total,	13	5	4	120	\$58 07

"The same Saviour who gave us our commission, has left us his example. This example gives clear precedent and sufficient warrant to any who feel the importance of uniting care for the suffering body to anxiety for the perishing soul. My two dispensaries at Shin Hing and Wu Chan, have been kept open as usual; 2.397 visits have been paid to the former by persons desiring assistance; some 2,000 patients have sought relief at WuChau, while I saw and attended to about 800 during a visit to Wai Chau; making in all an attendance of 5.197. 424 children have been vaccinated during the year."

THE CANTON CHAPEL.

The Baptist house of worship, one-half of which was specially provided for by the gener-ous donation of \$1,250 in gold by a beloved brother in Baltimore, and the balance by appropriations from the Board, is in all probability completed and occupied by the church in the city of Canton.

Brother Graves says:
"It is with feelings of gratitude to God from whom all good counsels come, and of thank-fulness to the dear brethren who have given of their means for the carrying out of this work, that I am able to state that our chapel is nearly finished. The audience room is already ceiled, and we hope to occupy it within a month

AFRICAN MISSIONS.

This position is occupied by Rev. R. H. Stone. The city of Lagos, containing about 100,000 inhabitants, on the western coast of Africa, is less liable to the diseases of the arrica, is less lable to the diseases of the country than some of the interior stations. In some other respects the circumstances are not propitious. It is the great centre of Pedo-baptist influence, and the Catholics are making expensive and strenuous endeavors to intrench themselves in the regards of the people. These all have abundant means at command, while our lone missionary has been scantily supported, and his want of a good dwelling, chapel, and school arrangements have seriously interfered with his operations. He has, nevertheless, been greatly encouraged in his work.
"During the last four months, twelve persons have been received for baptism. Of

these, I have already baptized nine, and the others await the administration of the ordinance next Sunday. The greater portion of the new converts are interior natives, who are relations and acquaintances of the mem-bers of the church here, and who had previously heard the gospel from us in the in-terior. Last Sunday evening I baptized three non-commissioned officers of the regular

troops stationed here.

"In addition to the persons received for baptism, and including two who were restored before Brother Phillips departure, six persons who had been excluded, have been restored to full fellowship, making eighteen additions to our new church here.

Brother Stone has thus labored in the midst of disheartening circumstances, without seeming to yield to them. The following evinces the spirit with which he has labored:

"Since the completion of our chapel, we have a service every Saturday evening for the instruction of the converts and such inquirers as may come with them, and for the transaction of church business, both temporal and spiritual. These meetings are well attended, some of the converts leaving their work and coming nearly a day's journey to be present. Besides this, we have service morning and evening on the Lord's Day.

The service in the evening is always in Yoruba but on the last two Lord's Day mornings it has been in English to accommodate a squad of W. I. troops and other persons who attend in the morning, but who cannot hear Yoruba. The Spirit of the Lord seems to be among us. Our Sunday-school is prospering. but the want of sufficient teachers has combut the want of dunicient teachers has com-pelled me to divide it into five large classes. My day-school has run up from the original three which I had in the house with me, to thirty-five, and they still come."

RETURN OF BROTHER PHILLIPS.

In their last report, the Board adverted to In their last report, the Board adverted to the fact that Brother A. D. Phillips had been invited to return to this country. He left Lagos for the purpose of visiting England and Scotland on his way home. His recep-tion by English and Scotch brethren, was of the most courteous character. Everywhere he was treated with kindness, and invited to address the various congregations he visited. Special sympathy was also shown on behalf of his mission by liberal contributions, and he nis mission by liberal contributions, and he was able to report to the Board a sufficient amount secured to cancel the debt of the Yoruba Mission contracted during the war, with a balance to be placed to the credit of that mission. The Board owe a debt of gratitude to their trans-Atlantic brethren for the generous aid thus afforded.

Rother Phillips has 162 Plabour 3 4 - 1.

Brother Phillips has left Richmond to visit his mother and friends in Mississippi, and after a brief sojourn among the churches, he will expect to resume his labors among the

heathen.

BROTHER T. A. REID.

Brother Reid has been spending a brief brower ked has been spending a brief time at the Greenville Seminary, with the hope that the resources of the Board would permit an early return to his field of labor in Africa. He still breathes an earnest desire for this result. The Board are not without hope that the wishes of his heart may be gratified.

LIBERIAN MISSION.

The Convention at its last meeting advised the resumption of the Libertan mission as soon as the means of the Board would justify the measure. The Board have not been indifferent to this recommendation, but their resources have not at any time been sufficient to warrant a serious consideration of the subject.

EUROPEAN MISSIONS.

The desire has been expressed by some, that as Southern Baptists we might take some action looking to the establishment of missions in Europe.

This subject has been brought before the Board, and has been referred to a judicious committee. But the want of funds has thus far prevented any definite action.

A QUESTION ANSWERED.

In the last report of the Board the inquiry was made, "Shall the work cease?" This question seemed natural in view of the depressing influence of the war on the minds of the people. Some were ready to fear a neces-

sary abandonment of the missionary enterprise so far as Southern churches were conprise so tar as southern churches were con-cerned, but the results of the year just closed will serve to dispel this delusion. With no other than the ordinary methods of appeal to the churches, and with only one regular agent in the field, the amount received has been sufficient to sustain all our missionaries, and, within a small amount, to meet all our indebtedness.

AN ONWARD MOVEMENT.

The Board are prepared, in view of the results of the last year, and of the necessities of the missions, to recommend an enlarge-ment of our work at no distant period. Will it be too much to ask of the churches that they give us during the coming fiscal year the sum of \$30,000? With this amount the fields sum of \$30,000? With this amount the fields now suffering for an increase of laborers, and other facilities, may be supplied. If the Convention can sufficiently trust 60d and the churches to recommend such a policy, there is reason to believe that suitable men can be found as soon as the means are at hand to send them forth.

THIS POLICY NECESSARY.

A wise economy suggests such a progressive measure. Indeed, the continued existence of our missions depends upon it. The laborers in the field cannot live always. Each of our stations is occupied by a lone missionary. If one be called away by death, his position is left undefended,—the work he has prosecuted ceases. We ought not to wait until his strength is exhausted before aid is sent.

Nor can we shut our eyes to the vastly extended openings for missionary labor which tended openings for missionary labor which God is placing before us. In each of the provinces occupied by our brethren in China, accessible millions are ready to hear the words of salvation. In almost every part of the Empire, preachers of righteousness may go. And so with Catholic Europe and benighted Africa. As Baptists we must not be indifferent to these calls of Providence. Let us go forth in the name and strength of our Redeemer, nothing doubting. Let us strive to make him, his truth, his salvation, and his institutions, known among the benighted of the earth. the earth.

SUNDAY-SCHOOL BOARD.

Change in the location of a Board necessarily occasions difficulties. It was found, in addition to this unavoidable result, that the Sunday-school Board, at the time of its removal from Green ville to Memphis, was about \$640 in debt over and above reported assets. Its affairs were somewhat complicated, and many felt a disposition to abandon it alto-gether. Added to the above discouragegether. Added to the above discouragements, the whole country was suffering from

rienced as an agent, and surrounded by the difficulties above mentioned, had to confine himself to his office, and devote his attention for months to the rearrangement of the affairs of the Board, during which time not one-fourth of his salary was received from all sources. Unacquainted in the West, he made a long tour through the Atlantic States during the Fall, with most discouraging pecuniary results. At length, after having made suc-cessive unavailing efforts, he found himself obliged to abandon the work altogether. Added to all this, the Board had to operate

Added to all this, the board has to operate in a new, and to a great extent uncultivated field,—where Sunday-school enterprise was but dawning,—while the more cultivated fields from which they expected aid manifested but little sympathy with its operations. But the Board determined, in the fear of God, convey this restrictions forward until its to carry this undertaking forward until its efficiency should be felt, and its fruits seen, and the brethren composing the Board have never wavered nor been discouraged, and feel that they have the sympathy and prayers of thousands who know the need of such an organization in the West. Your Board, instead of increasing its indebtedness, has largely lessened it, and all its operations are now self-sustaining, with a small surplus, as will be seen by the reports annexed.

Since the resignation of your Corresponding Secretary, the Board, unwilling to involve the denomination in debt, have declined the the denomination in debt, have declined the appointment of any one to that office, assigning its duties to the Depository Agent, at a small remnneration. At the work, except travelling, has been accomplished by him, and we suggest that the present course be followed until the plans of the Board are sufficiently matured to pay a competent salary to an experienced secretary.

AGENCIES AND MISSIONARIES.

The difficulties above referred to, and the fear of involving the denomination in debt, have deterred the Board from employing agents or missionaries, though they feel they

are greatly needed.

The Board is fully awake to the necessity of employing brethren who will establish Sunday-schools throughout the destitute regions. Calls for such instrumentalities are constantly made. We frequently hear of places along the line of our great rivers in Mississippi, Missouri, Arkansas, and Louisiana, where large Sunday-schools could be collected, and permanently established, if a minister or Sun-day-school agent could be procured to visit them and organize the schools. There are many such neighborhoods, with no preacher, nor meeting-house; no Sunday-school,—where the people are perishing for lack of knowledge. Had we the means we could do a work in this way from which results would soon be seen in multiplied good, unequaled, perhaps, in any other field of operation. These rich lands are soon to be occupied. Emigration is gether. Added to the above discouragements, the whole country was suffering from a financial pressure, unparalleled in the past history of the South and West; and even the old and uninterrupted organizations found themselves embarrassed from the aame causes.

The Corresponding Secretary, appointed by the Convention, finding himself inex,— denomination should be given us in its accomplishment.

BOOK PUBLICATIONS.

In this department, for the want of means we have done nothing. We expected before this to have published an edition of each of the popular little books heretofore published by the Board at Greenville, and the paper is now in hand to go forward with this work, and at an early day we expect to be able to supply the demand.

The Board also have the stereotype plates of a fifty volume library, originally gotten up by the Southern Baptist Sunday-school Union, which will be, to some extent, revised, and a

which will be, to some extent, revised, and a new library brought out at an early day. In the item of these plates it will be seen that the assets of the Board have been increased

from \$300 to \$3,646.56.

In addition to this, at the request of the Board, Rev. J. R. Graves has undertaken to raise \$10,000 for the publication of a new one handred volume library, and in a few weeks has secured pledges sufficient for ten volumes of this addition, from the following persons, of this addition, from the following persons, schools, and churches, viz.: J. The name of the donor is placed in the stereotype plates of the book. We have also miscellaneous pledges, amounting to savalso miscellaneous pledges, amounting to several hundred dollars, most of which will be realized.

FINANCES.

Receipts from all sources, \$3,391.02; expenditures, \$3,248.17; balance on hand, \$142.85. The assets are estimated at \$4.289.36, and the liabilities at \$1,606.92.

AMERICAN BAPTIST FREE MISSION SOCIETY.

The Twenty-sixth Anniversary was held that under the influence of our genial climate with the Second Baptist Church in Richmond. both Sister Beecher and Sister Scott have Virginia, May 26, 27, 28, 1889. The President, Rev. A. L. Post, was in the chair. There were present sixty-three delegates and ministers. From the annual report we make the following extracts:

BURMAH MISSION.

At our last anniversary, the Society recognized the fact that the calls of Providence were tending to withdraw us, in some measure, from foreign missions, and concentrate our labors, for a time at least, upon the home field. The finger of Providence still points in the same direction. Meantime it is grati-fying to know that the missions in Burmah are rapidly becoming independent and self-supporting. That of Brethren Vinton and supporting. That of Brethren Vinton and Luther is wholly so, except as special contri-butions for schools and preachers are for-warded through our treasury in aid of these devoted laborers.

The Board have been very anxious to carry out the plans of our lamented Brother Beecher in the reinforcement and efficient occupation of the Bassein district for a few years longer, until the native churches and ministry, aluntil the native churches and ministry, ai-ready independent of pecuniary support, should be fully competent to the manage-ment of all their affairs without foreign coun-sel or supervision. To supply the wants of this mission, our beloved Brother, Dr. Wm. M. Scott, was induced to relinquish important labors at home, and consecrate his life to foreign toil. He arrived in Bassein most opportunely, a short time previous to the de-parture of Brother Beecher, applied himself successfully to the native language, and was rapidly gaining the confidence of the people. when an overruling Providence compelled him to part with his companion, whose fail-ing health necessitated her speedy return to her native land. By this timely step her life was spared; but it became certain that she could never, with safety, again venture into a tropical climate. Brother Scott, after waiting several months, in the hope of hearing more favorable accounts from her physician, finally concluded, though with great reluctance, that duty called him to resign his mission. After making the best arrangements he could for its interests, he started by the overland route and reached New York Sept. 11. The Board have taken no steps for filling his place, be-lieving it wiser to wait the action of the Society than to take upon themselves the responsibility either of resuming the mission, or definitely relinquishing it.

every prospect of recovering their former health. Sister Beecher's two elder daughters meanth. Sister beecher's two effor augmer's were baptized at St. Charles, Illinois, on the 3d of October last. "I feel" says our widowed sister, "that the special mercy of God has been shown to the children of his servant."

Brethren Vinton and Luther have been

overwhelmed during the year with mission labor and cares. Brother and Sister Luther have had charge of the school and Bible classes at Rangoon, while Brother Vinton has devoted himself mainly to jungle work and the care of the village churches.

JAPAN MISSION.

The Japan Mission becomes increasingly interesting as the door opens for the introduction of western civilization and commerce. Immense barriers have been broken down within the last two years, while civil war and revolution have done their part in uprooting the bigoted attachment to old institutions. The perseverance of Brother Goble seems at last crowned with perfect success, and the Board have had the gratification of receiving the first installment of the "Wanga Kimi Skuinushi," or New Testament in Japanese. His appeals to the Bible Societies for aid in printing the gospel, have met with little re-sponse, and what he has received has been almost entirely from Free Missionists. Many of our brethren have given substantial tokens of their sympathy and confidence, and the remittances made from our treasury have consequently been larger this year than previously. He has, however, been at more expense than ordinarily, being obliged to build anew, on an eminence, in order to remove his family from the misers and force. move his family from the miasma and fever of the low grounds. Notwithstanding this, he writes that he is now free from debt, and prepared to go forward with his work. He wants about \$500 for moulds and machines for casting Japanese type; also \$150 for a font of English type. These ought to be sent to him at once.

To aid in defraying the expense of printing, Brother Goble has furnished a series of valuable translations from the native histories for the Japan Hera/d. From these it appears that Japan has existed as an independent nation from the days of Jimmu Tenno, the first king, who began his reign 660 years before Christ. The characters in which the Japanese lanility either of resuming the mission, or efficiently relinquishing it.

It gives the Board great pleasure to state extraordinary resemblance to the alphabets of western Asia and Europe, but are derived from the Chinese, as is also the prevailing Buddhist religion Brother Goble thinks the Buddhist religion Brother Goble thinks the Chino-Japanese alphabet will ere long be abandoned, and either the old "god-letters" or the Roman alphabet be substituted in its place.

This Society ought to be ready, as soon as the way for travelling and preaching among the people is fully opened, to send out an ad-ditional laborer to join Brother Goble, and the best preparation for such a reinforcement will be to print the gospels and tracts, and have them in readiness. An extensive circulation of books might even now be effected through native agencies.

In his latest communication, Brother Goble states that the Japanese government is dis-cussing the repeal of the old law against Christianity, and would do so openly but for the fear of awaking opposition on the part of the priests, which might lead to violent dis-turbances among the people. He thinks the old law will be quietly dropped and taken down from the bulletins all over the country, without making any public announcement of

its repeal.

HAYTI MISSION.

The mission premises in Hayti, occupied by Dea. Hill, as the representative of the Society, have been claimed by Mr. Judd, who, taking advantage of the revolution, has through misrepresentation obtained from the present government an order that Dea. Hill should vacate the chapel at Port au Prince for the use of Mr. Judd's church. Copies of the action of the Board in the case of Mr. Judd, including his confessions, have been forwarded to the Haytian government, through the American minister, and Dea. Hill having consulted a lawyer, is confident that the pro-perty cannot be wrested from the Society. He has been authorized to take such steps as he may deem necessary for securing the premises to the Society. Since the dis-turbances began, he has been unable to keep up the meetings for worship as heretofore.

Home Missions.

Our missions at home have been prosecuted mainly as in the previous year. The large expenditures for Burmah incident to of arrearages, have prevented the enlarge-ment of our operations in the South to the extent anticipated by the Society at their last extent anticipated by the Society at their last meeting. But this embarrassment has been greatly relieved by the generous disposition of the laborers in the field, who have been willing to accept scanty allowances rather than have any of the missions given up.

In Washington the existence of three theo-logical schools,—the parent National Theological Institute, originated and maintained to the present time by the indefatigable labors of Dr. Turney, and the schools of the Home Mission and the Boston institution,—ap-peared to supersede the necessity of con-tinuing the one under charge of Brother Anderson; and as numerous other duties demanded his whole attention, he determined early in the summer to relinquish this department.

NUMBER OF MISSIONARIES.

The total number of missionaries under appointment the past year has been thirty, of whom twenty-four have been laboring in the home field.

CO-OPERATION.

The cooperation of the Free Mission Society and the Consolidated Convention, which ciety and the Consolidated Convention, which was projected at our anniversary last year, has been, in a good degree, consummated. The Consolidated Convention promptly accepted the proposal of this society to make the American Bapti-t their organ, and appointed Elder Rufus L. Perry their editor, his salary being borne jointly by the two societies. In pursuance of the instructions of the Society, this Board made the necessary appropriations for defraying their portion of the expense, and Brother Perry entered on his duties the first of Sentember. Brother his duties the first of September. Brother Perry has devoted himself largely to getting up and introducing among the schools of the South a new Sunday-school paper, the Sun-beam, which, it is believed, will supply a want that has been long and very generally felt. All that now seems necessary for the full, prac-tical union of the Free Mission and the Consolidated Convention is the appointment and sending forth of missionaries for the establishment of the proposed mission to Africa, through which both bodies may unitedly la-bor in extending the blessings of salvation over that vast continent.

Since the close of the war, the question has been frequently pressed upon the members of the Free Mission Society, Why do you not disband? The great object of the Society being attained, slavery swept from existence, and freedom for all classes preclaimed from sea to sea, why keep up an organization that has had its day, performed its mission, accomplished its purpose, and is therefore no longer necessary? Why not give back the work of missions into the hands of the Missionary Union and Home Mission Society? Well, it becomes us to look these questions squarely in the face, and if the cause of humanity, freedom, and true religion will be promoted by a dissolution of the Society, we ought to disband without hesitation. But who give us this advice? Is it from those Since the close of the war, the question has ought to disband without hesitation. But who give us this advice? Is it from those who have acted with the Society from the beginning, shared its toils and trials, or is it those who have heretofore opposed and denounced it, who declared from the first that there was no occasion or necessity for it, and who have persistently labored to counteract its influence? If the Society should give up its organization and make over its work to any other body, it would be to the Consolidated Convention. But does that body advise us to disband? So far from it, they urge us to continue, and assure us that this is the only national society for missionary purposes with which they can heartily cooperate. The Pre-sident and Secretary of their society are members also of the Free Mission Board; and all seem to agree that more can be accomplished, at present, by the two societies acting in concert, than could be accomplished by the Consolidated Convention alone, if the Free Mission were to retire from the field.

RECEIPTS AND EXPENDITURES.

The Treasurer's report showed the amount of receipts, including the balance from last year, to be, \$17,222.50; and the expenditures \$16,603.88; leaving a balance on hand of \$618.62.

MISSION TO AFRICA.

The following resolution was adopted in reference to missions to Africa:

Resolved, That whenever our brethren of the Consolidated Convention shall find a man or men adapted to that field of labor, and shall make such appointment, we pledge this Society to furnish one-half the means of support.

The next meeting of the Society is to be held at Cincinnati, the time to be fixed by

the Board.

AMERICAN BAPTIST HISTORICAL SOCIETY.

This institution, chartered by the State of Pennsylvania, is established for the purpose of serving as the great recorder's office of the denomination. It aims to collect all minutes, reports, pamphlets, and books, by Saptists, and all that can illustrate the origin, and fixedness of principle, of the denominaryogress, and sentiments of all denominaryogress, and all that can illustrate the origin, and fixedness of principle, of the denominaryogress, and all that can illustrate the origin, and fixedness of principle, of the denominaryogress, and all that can illustrate the origin, and fixedness of principle, of the denominaryogress, and sentiments of all denominaryogress, and se Baptists, and all that can illustrate the origin, progress, and sentiments of all denominations, whether existing or extinct. Also likenesses and autograph letters of eminent Baptists, and unpublished manuscripts relating to the history of any section of Christendom, or of individual churches. Books in defence of the doctrines of other denominations are desired, but not their works on practical desired, but not their works on practical piety, as it is necessary to limit the scope of the Society.

Such a collection must be the work of a society formed for that purpose, existing from generation to generation, to which donations and legacies may continually flow. It cannot be made by one man, or one generation. In-dividuals have amassed libraries, increasing in some cases to huge proportions, and owing their value principally to their being collec-tions of works in some one department, which always involves great labor and expense; but none of them has existed beyond the second generation, and the auctioneer finally dis-perses what it required a lifetime of learned labor and a princely fortune to collect. Our labor and a princely fortune to collect. Our library, the only one of this character known to exist, will increase steadily and quietly; consuming nothing, absolutely incapable of being perverted to evil, and every part becoming more valuable by age. It will place where it may be found, a vast amount of material now scattered in unknown hands, and therefore almost useless; and which, if left where it is, will certainly perish when those who preserved it pass away.

Baptists owe it to themselves, and to the glory of God, to preserve their history and literature. There being in olden times no art of printing, and in later times no toleration for such as held our sentiments, there can now be found but slender traces of the now be found but slender traces of the churches. We are the more bound to gather what remains. And now that the press is free. sedulously provide that our successors shall have full knowledge of the doctrines, controversies, missions, beneficence, and literature, not only of our own, but of all other times. The time is at hand when every fact concerning those who, in every age, have been the conservators of true doctrine, and martyrs for maintaining it, will interest every Christian.

Within less than ten years this Society has Within less than ten years this Society has collected, by gift or purchase, about 4.000 volumes, 16.000 pamphleta, 700 manuscripts (chiefly historical), 520 likenesses, and as many autograph letters. These last comprise full letters of Roger Williams, Carey, Marshman, Ward, Hall, Foster, Ivemy, Menno, Keach, Manning, Maxcy, Mercer, Semple, Oncken, &c. All likenesses, views of Haptist edifices, and autograph letters, are fastened in large permenent relumes and accurate. ened in large, permanent volumes, and accurately indexed. The library is open every morning, and is resorted to not only by breth-

nt must be obvious that a place for such a collection must be provided, and that it ought to be, as near as possible, fire-proof. The growth of the library evinces that the institution is no longer an experiment. It will be cherished by the denomination till the world shall end. There are no latent causes to work its discontinuance, and it can never cease to be needed.

be needed.

In the matter of building, there ought to be no difficulty. The cost will not exceed \$100,no difficulty. The cost will not exceed \$100,000; and once erected the Society will be amply endowed, as the rent of the lower story and cellars will suffice to support alibrarian and buy books. Surely the whole denomination will not hesitate to expend on an institution of such importance a sum not greater than many single congregations pay for a house of worship.

Contribution in money or books may be sent to 530 Arch Street, Philadelphia, where the library is at present accommodated by the Publication Society, without charge, but has already outgrown the hall.

The Society has not yet expended anything for services rendered. The obtaining of funds, and the work of correspondence, arrangement, indexing, stamping, numbering, personal attendance, &c., has been entirely gratuitous. It hopes not to be obliged to employ an agent to raise money for a building. If its friends will forward their contributions, a lot will at once be procured, and the build-ing begun. Is there a Baptist, rich or poor, who will not once in his whole life, make a donation to an object like this? Is there a self-sustaining church which will refuse it just one collection?

At every annual meeting, a public address is delivered by some learned brother. It was found that to print these in pamphlet form involved a loss of nine-tenths of the cost. AMERICAN BAPTIST MISSIONARY CONSOLIDATED CONVENTION.

ducah, Kentucky, Thursday, September 19th, 1869, the President, Rev.R. De Baptiste, in the

chair.

Rev. N. B. Frierson, of Murfreesboro', Tennessee, alternate to Rev. John Cox, of Savannah, Georgia, decessed, delivered the introductory discourse. Text, 1 Cor. 1: 10,—"Now I beseech you, brethren, by the name of our Lord Jesus Christ, that ye all speak the same thing, and that there be no divisions among you; but that ye be perfectly joined together in the same mind, and in the same judgment."

EXTRACTS FROM ANNUAL REPORT.

During the past year the work of the Convention has been limited by want of means. No appointments, with the exception of col-lecting agents, have been made, beyond what was recommended at the last annual meetwas recommended at the field have been in the field have been greatly blessed in their labors, as their annual reports will show. They have travelled far into the interior of Virginia, North Carolina, Alabama, Mississippi, Tennessee, Kentucky, Missouri, and other fields, and preached the gospel day and night to the multitudes found in sin and darkness. when they had no money to pay their fares on the public conveyances, none with which to buy bread for themselves whilst on their long, tedious, and often perilous journeys, still they girded their loins as faitful ambassadors of Jesus Christ, constrained to preach deliverance to the captive, and went forth procelaiming salvation to every creature, as proclaiming salvation to every creature, as set forth in the divine commission. Tens of thousands have heard the word through our missionaries, and thousands have been bap-tized in the name of the holy Trinity. The increase during the year has necessitated the erection of new meeting-houses, many of which have been built or commenced

since our last meeting.

The Sunday-school cause, also, has received more than usual attention in the different States. Your Board have aided, as far as possible, every effort to create a deeper and purer interest in our Sunday-schools. We felt the need of a Sunday-school paper. In order to meet this want, and put our Sun-day-schools and brethren throughout the land into communication with one another, and thus form a more perfect union, your Corresponding Secretary, with the approbation and encouragement of your Board and the Free Mission Society, commenced at his expense the publication of a first-class Sunday-school and juvenile paper called the Sunbeam, hum-bly praying to God that it might beam on all who are in darkness, and warm every cold and melt every frozen heart; and God has abundantly blessed the enterprise. The Sun-beam was started last December without one bona fide subscriber, and now it has a circula-

tors to its columns.

Your Board has been exceedingly financially embarrassed. The quarterly collections, recommended at the last annual meeting, have not been taken up and forwarded to the Tressurer. But of this it is necessary to take a liberal view. The churches, generally, are new, as regards liberty and independence, and are not sufficiently trained to give for missions beyond their local demands, and the exceptional instances wherein they would they are found to be poor and unable. would, they are found to be poor and unable. Nearly all the means they could command, above the requirements of personal comforts, have been as much needed at home as abroad. Hence, but little has found its way to your Treasurer, whose heart has wept with grief, because he had not the means to pay the missionary and incidental bills of the Convention.

Your Board must have money to work with, or else it must remain inactive, and our cause be worse than if the Convention did not exist. From the fact there are about not exist. From the fact there are about twenty other missionary and educational societies, representing all denominations, and laboring ostensibly for our education and evangelization, it is no easy matter to raise money outside of ourselves for the support our missionary enterprises, unless we can show our claims upon the charity of the pub-lic to be stronger than the claims of these societies professing to work for us, and to do for us what we feel we can better do for

ourselves.

OUR WORK.

What shall we do, and how shall we do it? are questions that claim our serious atten-tion, and your Board would most respectfully tion, and your Board would most respectfully urge upon you at this session of the Convention to resolve upon a proper solution of these questions, and follow up the resolutions by faithfully doing what you resolve to do. The religious and educational development of our brethren is the great work that lies immediately before us. Both of these interestrated the first of the sell it is prescribe for us to immediately before us. Both of these interests claim of us all it is possible for us to do to promote them.

EDUCATIONAL.

Hitherto, we have left the educational work among our people to be done by others, and have contributed to other organizations, both religious and secular, for the support of this work, while it was right at our doors, and

could have been done by us fully as well, and ! at far less expense. Both duty and denominational interest require us to undertake and maintain a purely educational work, in con-nection with our missionary work. On the one hand, these are three distinct interests; but on the other they are mutually depend-

ent, sympathetic, and cooperative.

We recommend, therefore, that you appoint an Educational Board, who shall immediately take charge of and conduct the educational work to be carried on in connection with the Convention. We recommend further that, in order to save expense in salaries of officers, the managers of the Educational Department be the same, or from among those that shall fill the Missionary Board, as far as practicable and judicious. This additional work will require additional labor, for which you, or your Board, must provide, in the em-ployment of assistants for your Correspond-

ing Secretary.
Your Board would again respectfully call Your Board would again respectfully call your attention to the propriety of meeting biennially, instead of annually. Many of the delegates give ten times as much to railroad and steamboat companies, to attend the annual meetings of the Convention, as they give the Convention for the support of missions. This fact denies that we feel that interest in the purposes of the Convention, and have that wisdom, nower of management, and have that wisdom, power of management, and business capacity we claim to have. It is like giving ten dollars for a money-purse to carry ten cents in. If, therefore, you meet bien-nially, and require your Board to publish anmaily, and require your board we publish amual reports, as now done, you would save hundreds of dollars, that might be spent in the support of missionaries and teachers in the destitute regions of the earth, while nothing material would be lost to the Convention by the change.

STATE ORGANIZATIONS.

The pastors in the different States have labored faithfully, earnestly, and very successfully in the work of organizing associations and State conventions, according to the recommendation of this General Convention. recommendation of this General Convention. Where the organization has been completed, and in operation, we have had proof that we must look upon this as a work absolutely necessary. The State of Virginia is fully organized, and the State Board very harmoniously and efficiently cooperates with the General Board. The churches and associations communicate with the Convention through communicate with the Convention through the general State Board. This concentrates and simplifies the work, and, at the same time, gives promise of greater efficiency. But, while this is the case in the State of Virginia, other States are not so well organized, and the leading brethren of them seem not to see and understand the importance of such thorough organization and cooperation with the General Board of the Convention. Several of the brethren, who take the lead in the States in which they reside, manifest a want of interest that endangers the good of the Convention of which they are members, and for which, at their annual visitations, they profess great regard.

PERMANENT OFFICES.

As the collections for general purposes, re-

commended at the last annual meeting, did not come, your Board have been unable to negotiate for grounds and buildings, for per-manent offices, as was intended. But it is negotiate for grounds and buildings, for permanent offices, as was intended. But it is still the purpose of your Board to secure permanent buildings, for offices, &c., that the Convention, or its Board, like other national societies, may have a permanent restingplace, or foothold, and thus give character to itself.

A special Committee on Education was appointed, consisting of George W. Dupee, N. G. Merry, R. L. Perry, H. L. Simpson, J. F. Boulden, R. T. W. James, W. E. Walker. They presented the following report, which was adopted:

"Your Committee on Education have care-

fully and prayerfully considered the propriety of organizing and putting into operation at once an Educational Department of this Con-vention, as recommended by the Executive Board, and do conclude that it is to the good of this Convention, as well as our duty to the hundreds of thousands whom the Convention represents, to enter upon this important work represents, to enter upon this important work at once, as suggested. If we are called upon as a body to spread the gospel, we are also called upon to spread intelligence, that it may be intelligently received. Therefore we recommend that the Executive Board be, and they are hereby directed to organize, or cause to be organized, an Educational Department of this Convention, officered by efficient and educational men, who will at once begin the work of collecting the necessary means, and

word of contents the necessary hears, and organizing and sustaining schools under the patronage of this Convention.

STATE CONVENTIONS

ALABAMA BAPTIST CONVENTION.

The forty-seventh annual meeting was held November 12, 1869, with the Baptist Church at Oxford, the President, S. Henderson, D.D., gates present, to their churches and associations.

The introductory sermon was preached by Rev. G. E.Brewer, from 2 Cor.v.20.

The report of the Trustees of Howard College was read. It appears that the department of instruction in theology has been revived. President S. R. Freeman fills it, and there are five students for the ministry avail.

The Committee on Sunday-schools made a report, stating that there are five students for the ministry avail.

there are five students for the ministry availing themselves of its advantages. The number of students matriculated is 146. In view of the inadequate income of the College, the trustees recommend that \$2.000 be raised in such way as the Convention may elect, to meet the salary of the President, so that the receipts

A report was adopted recommending the appointment of a suitable agent, by the trustees of Howard College, to secure a further endowment of not less than \$60,000, on a plan

to be determined by the Board.
The report of the Board of Trustees of Judson Female Institute showed 150 students in attendance last session, and 165 at present,— being an increase of 50 per cent, over the number at the same date last year. Its corps of instructors is 15 in number.

During the session the memorial sermon of Dr. B. Manly, Sr., was preached by S. Henderson, D. D.

derson, D. D.

Besolutions were adopted calling for the publication of the sermon in pamphlet form, and deciding to inaugurate the enterprise of building an additional structure for the especial accommodation of Alabama students, at the Southern Baptist Theological Seminary, Greenville, S. C., as a memorial to the worth of Dr. Manly, the first President of the Board of

The Committee on Sunday-schools made a report, stating that there is an increased interest in the work, and the work makes progress,—though not a satisfying progress.

The Finance Committee reported cash paid to various objects: for Domestic Missions, \$717.74; for Foreign Missions, \$430.05; Sunday-school Board, \$91.03; Conventional expenses, \$16.05; Indian Missions, \$240.15; Ministerial education, \$30.84; Southern Baptist Theological Seminary, \$229.50; Howard College \$14.81; total \$1.770.17.

The meeting was the largest and most encouraging meeting held for some years. The next meeting will be held at Opelika, on Friday, Nov. 11, 1870. Rev. D. W. Gwin is to preach the introductory sermon, Rev. C. Manly, alternate.

The Third Anniversary was held with the First Baptist Church of Petaluma, April 6th, 1869, the President, C. R. Hendrickson, D. D., in the chair. The annual sermon was preached by the President, from 2 Cor. iii. 7, 8. There were present six life members, and twenty annual members.

REPORT OF BOARD.

Soon after entering upon our duties, in obedience to your instructions, we arranged for the discontinuance of the system of labor through a General Missionary, and applied to the Board of the Home Mission Society to appoint a resident District Secretary for this coast. But up to the present time, though often urged to act, said Board has failed to secure the services of such an officer. In consequence of this, our work has made far consequence of this, our work has made iar less progress than we desired, although some-thing has been done. We have aided in sus-taining missionaries, as follows: Rev. J. W Wirth, at Nevada City; Rev. G. W. Ford, at Napa; Rev. M. N. Stearns, at Santa Clara; Rev. Naps; Kev. M. N. Stearns, at Santa Clara; Kev. Eli Rees, at Redwood City; thus affording the feeble churches in those places the stated ministrations of the word, while temporary assistance has been given to the interests in Santa Cruz, S. F. Mission, Paradise District, and the Victoria of Church of Elic Courses and the Ebenezer Church at Elk Grove,-and there are applications now in transitu in behalf of Brooklyn and San Pablo, while other localities equally needy only await the increase of our funds to enable us to assist them.

Our present expenses for local missionaries are as follows:

Nevada Church receives at the rate of \$600 per annum; Napa Church, \$400; Santa Clara \$500; Redwood City, \$360; Ebenezer, \$200.

W. H. Davis, from Rev. xix. 6, 7. There were 78 delegates the letting down of social morals, and the ex-

The following report of the Standing Committee on the State of Religion and Religious Destitution, was presented and adopted.

REPORT.

"The field presented for the inquiries of your committee is so large, and the facts which can be stated with certainly so few, that our report must be regarded merely as the be-ginning of investigations which may here-

after be prosecuted with greater success.

"In Northeastern Georiga, east and north of Athens, there is not a minister who is supported while preaching the gospel. There are those who hold anti-mission sentiments, and those who are called Whiteites. The benevolence of the churches is low, but improving. Most of the churches have supplies; a few are destitute.

"In what is called Cherokee Georgia, there is a most interesting and promising field for missionary labor. The Cherokee Baptist Convention is dissolved; the Cassville College gone, and the building burned. Could the brethren of this section be persuaded to identify themselves with this Convention and identify themselves with this Convention and with Mercer University, your committee are of the opinion that mutual good would result. In this portion of the State, there is a general deficiency in the supply of preaching and Sunday-schools. One minister, for instance, is supplying six churches. There is a low state of spirituality, and a far too general use of intoxicating drinks. Kingston, it is believed, is now destitute.

"In middle Chowrin a district has been

the letting down of social morals, and the existence of intemperance.

"In southwestern Georgia, Starkville is destitute. In some limited sections there are not many Sunday-schools; they go into winter quarters and sometimes fail to come out in spring.

"In the vicinity of Crawfordville all the churches, it is believed, are supplied. It is thought that there is more general wickedness than formerly, while there are no general revivals.

"In the Stone Mountain Association there is quite a range of distressing destitution.

"Above Augusta, for twenty miles, there is much need of preaching. Belair and Grove's churches are unprovided for. The colored people of Augusta, and vicinity, are accessible to the ministry of white men. The Kollock street Baptist Church, of Augusta, is in need of a larger building, to accommodate the peo-ple in its vicinity, and its pastor is seeking means to accomplish the object.

"Burke county possesses, perhaps, the best
Baptist meeting houses of any county in the
State, but there is much reason to fear that
they will soon be deserted, without some
better means of supply.

"Most of the city churches have mission

stations and Sunday-schools to reach those who do not attend the regular services. In these larger towns there is much complaint of theatre-going, balls, worldliness, and also want of integrity in reference to promises and commercial honor.

"On the coast of southern Georgia, the destitution is well nigh universal. Many church buildings were burned; there is no ability to "In middle Georgia a district has been brought to our attention, having Knoxville solved. There are no pastors to gather the for a centre, with a distance of forty miles around, of most deplorable destitution,— from Savannah to Florida, but the few points which Brother Daniel is able to supply monthly, as missionary. At Brunswick we have a house and a Sunday-school, but no preaching At this place, for more than a year, a few brethren have been beseeching the denomination to send them a minister. the denomination to send them a minister. The town is growing; the Episcopalians and Methodists are doing well. No house or preaching at St. Marys, Darien, or Wanesville; no preaching at several churches in Liberty, Bryan, and Chatham counties. There is a Bryan, and Chatham counties. There is a very large negro population in this part of the State, and, for some time past, they have manifested much more interest in hearing our preachers, where there has been any one to hear. Here are the heathen at our doors; heathen, too, who have been declared citizens and voters.

"We close the report with the following remarks: 1st. That fiddling and dancing, drinking, and social irregularities, have characterized our church members of late more than at any time for the last twenty years. This, however, is not confined to Baptists, but the like state of things exists with other denominations. 2d. That the spirituality of our people is low in its manifestations, and there is a sad Laodicean spirit generally prevailing.
3d. That there is a great want of ministerial consecration and ministerial support. 4th. That there is much destitution among the churches, and many neighborhoods unprovided with the preached Word. 5th. That there is a Sunday-school revival in the State, and that many new schools have been formed recently. 6th. That the state of religion and religious destitution calls for prayer and self-denial, the cessation of putting forward the world and the idolatry of covetousness. 7th. That our churches should vely more upon That our churches should rely more upon frequent collections of small amounts, than upon the annual subscription of large amounts.

A church of one-hundred members can pay her pastor four hundred and eighty dollars a year, by simply collecting ten cents every Lord's Day from each member. How easily done! This is the true system; lay by every Lord's Day as the Lord has prospered."

In regard to the Mercer University the

following, from a report by a special com-

mittee, was adopted.
"Your Board of Trustees have declined to make any recommendations to your body, but from facts obtained from the addresses made in connection with their report, your committee are of opinion that such action should be taken as will place the University in the very highest state of efficiency; and

in the very highest state of emcency; and we recommend,

"I. That an effort should be made immediately, or as soon as the Board may deem it practicable, to raise at least one hundred thousand dollars, to be added to the endowment fund of the University.

"To raise the amount indicated, will require and well gualified seems and your

an active and well qualified agent, and your

committee would respectfully recommend,
"2. That the Board of Trustees be authorised to employ such an agent, and put him
into the field, with intructions to canvass the whole State until the required amount of funds be raised.

3. Your committee would also recommend, most respectfully, that the Board be authorized to pay their agent, when a suitable one can be employed, a compensating salary ore of any unappropriated funds which may hereafter come into the Treasury.

"In conclusion, your committee would suggest to our people the propriety and absolute importance of patronizing and sustaining our own cherished University."

The next meeting of the Convention is to be held with the Newman Baptist Church, April 22d, 1870. Rev. J. G. Ryals to preach the introductory sermon, Rev. J. L. Underwood, alternate.

BAPTIST GENERAL ASSOCIATION OF ILLINOIS.

The twenty-fourth anniversary was held with the First Baptist Church at Aurora, October 16th, 1869, the President, Hon. E. G. Miner, in the chair. The annual serm on was preached by Rev. J. H. Griffith, of Galesburg, from Luke xiv. 23: "Go out into the highways

and hedges and compel them to come in."

The report of the Board shows that there have been 22 missionaries under their direction during the year. These missionrection during the year. aries, including superintendents, have la-bored 741 weeks; travelled 20,664 miles; preached 1,742 sermons; baptized 112 per-sons; received by letter and experience, 128; gave 304 lectures and addresses; attended 1,190 prayer-meetings.

The receipts for the year were \$5,569.65; the expenditures \$5,464.65.

The Board recommends the following as

The Board recommends the following as means of carrying on its great work:

"1. To seize upon the most important and promising points of influence. In a population ever increasing and changing as is ours, fields are constantly opening where a small expenditure for a short time secures a good meeting-house, an efficient church, and a remunerative benevolence.

"2. To keep up a good system of itineracy. Fields for itineracy are less numerous than formerly, but there are still many regions where old-fashioned, whole-hearted, hardworking itinerants can be very useful.

"3. To care most kindly for the feeble

churches which are not profitable mission fields. These churches are very numerous. Of 813 churches whose statistics for the past

year or two are at hand, only 36 number above 200; only 148 above 100; while 109 churches number between 75 and 100; and 136 between 50 and 75; and 230 between 25 and 50; and 154 below 25. . We have thus 384 churches num-

bering less than 50 members each.

"If we had \$20,000 to spend in Illinois, we might do much to aid these churches; but with our present receipts very many of them cannot receive aid without the most culpable neglect of vastly more profitable fields. But we can and should pray for them, and sympathize with them, and be deep, y earnest The best thing in most cases is to secure union or cooperation,—the union of two or three small churches in one, or where that can not be, the cooperation of several churches in sustaining the gospel. Union is strength, separation is weakness; and Baptists incline too much toward breaking up into separate organizations."

A committee appointed last year presented

the following:
"Your committee at the last anniversary, in regard to 'Almira College,' to 'carry the wishes of the General Association and of the donors into full effect,' beg leave to report that the committee was represented at the annual meeting of the trustees of said College, and, upon full examination, find that Almira College is a legally chartered institution, with a Board of thirty Trustees, two-thirds of whom are Baptists; that titles to its property and lands are perfect; that the debt of \$15,000 has been cancelled, and that an agreement has been cancelled, and that an agreement has been entered into and recorded on the books of the Board, that this General Asso-ciation may appoint annually three members of the College Board. Upon full discussion on the part of the Board and your committee, in regard to the interests of female education, it was our nnanimous opinion that the Baptists of Illinois should raise at least \$100,000 for additional buildings and an endowment fund."

The following resolution was next read and discussed and adopted: " Resolved, That a committee of seven, four

of whom shall be ministers, be appointed to correspond with such denominations as teach the divinity of Jesus Christ, and the regen-eration of the soul as a prerequisite to rap-tism, and immersion as the mode of induction into the church, with a view to a more vital union and cooperation in Christian en-terprises, and ultimately to a complete union of all who believe in one faith, one Lord, and one baptism, and that said committee be authorized to make such arrangements as

may be deemed advisable.
"All of which is respectfully submitted." The following brethren were appointed the committee named above: Hon. H. G. Reynolds, Rev. E. J. Goodspeed, D. D., Rev. J. D. Cole, D. D., Rev. C. Button, Hon. L. D. Boone, Hon. E. G. Miner, Rev. N. N. Wood, D. D.

The committee on Denominational History in the State, reported as follows,-the report

at once adopted:

"WE-BEAN, It is exceeding desirable that a full, reliable, and accurate history of our denomination in Illiuois, should be prepared, and whereas, much of the materials for such history must be obtained from early pioneers

who are rapidly passing away, and whereas, in the judgment of this committee, Rey Jirah D. Cole, D. D., possesses eminent qualifications for compiling such a history; therefore

"Resolved, That this Association earnestly recommend that Rev. J. D. Cole be requested to undertake the preparation of said history at the earliest practicable moment, and that we sincerely pledge him our hearty cooperation in its completion."

The next meeting will be held at Green-ville, October 14, 1870.

ILLINOIS PASTORAL UNION.

The Union met at Aurora, on Wednesday, October 13, 1869. The annual sermon was preached by Rev. A. R. Newton, from 2 Cor. 7. 14. An exegesis was read by Rev. J. O. w. 14. An exegesis was read by Rev. J. O. Metcalf on 2 Cor. xi. 3, and an essay by Rev. J. A. Smith, D. D., on the "Reciprocal Relation of Baptist with other Denominations." A report on the history of the Baptists in the State was presented by Rev. Jirah D. Cole, D. D., and referred to the General Association for activation of the state was presented by Rev. Jirah D. sociation for action.

ILLINOIS BAPTIST SUNDAY-SCHOOL ASSOCIATION.

The Association met at Aurora, on Thursday, October 14, 1869. The morning was given to adopting constitution, general business affairs, and devotions. In the afternoon the Convention met in sections, in the different churches, for the purpose of discussing to better advantage a wide range of practical questions pertaining to Sunday-school work and needs. In the evening a mass-meeting was held in the City Hall, addressed by the President, Rev. C. E. Hewitt, of Bloomington, Dr. C. R. Blackall, of Chicago, Rev. Dr. E. J. Goodspeed, of Chicago, and Rev. J. H. Griffith, of Galesburg. The meeting was a very large one, and full of interest.

On Friday morning reports from the sections were presented by Rev. E. G. Taylor, Dr. C. R. Blackall, and others. Addresses were made by Rev. J. Bulkley, D. D., Rev. H. Davis, D. D., and Rev. Lewis Raymond.

INDIANA BAPTIST CONVENTION.

The thirty-seventh annual meeting convened with the Baptist Church at Franklin, loct. 26, 1869, the Vice-President, Rev. Wm.
M. Pratt, D. D., in the chair. Eighty-three members were present. The introductory sermon was presened by Rev. O. B. Stone, of scholars, 38,220 youlmes in libraries; of the

Lafayette, from 2 Cor. v. 14.

The Convention had engaged five missionaries during the year, while five others had been employed during a portion of the time. The Board calls the attention of the Convention to the need for "a judicious, patient, persevering General Missionary,—one who will devote his whole time to the work, and one who will command the respect of the denomination in the State." Their recommendation was adopted.

The receipts into the treasury were \$2,283. 37; the expenditures \$2,123.19; leaving a balance of \$160.08. The next meeting is to be held with the

IOWA BAPTIST CONVENTION.

Thirty-seven missionaries have been in commission, twelve of whom have labored the entire year; five, three-fourths; fourteen, six months; and the others a shorter time. The aggregate of weeks' labor is 1,315, and is equal to one minister's labor for 25 years. Sermons and lectures, 3,274; prayer-meetings attended, 2,545; pastoral visits, 6,337; persons baptized, 304; added by letter and experience, 267; miles travelled, 39,468. The greatest number of sermons by one missionary is 206; visits, 730; bantisms, 43. It is obvious of visits, 730; baptisms, 43. It is obvious from their reports, that the missionaries recognize the importance of pastoral visiting. But, whilet they generally make a fair report of this kind of labor, there are a few whose excellence in this regard might be increased.

FINANCES.

Including balance in the treasury, the receipts have been, from all sources, \$5,760.10.
For all purposes,—printing, salaries, etc., the amount appropriated is \$7,088.99. The amount

amount appropriated is \$7,088.99. The amount now due missionaries, and unprovided for, except the unpaid pledges of churches and individuals, is \$1,322.89.

At the July meeting, the Board, in order to assist the agent, appointed a brother for the quarter, to act as Assistant Financial Agent. He, however, after some hesitancy, declined the appointment, and Brother Mitchell has done what he could, in the large field alone, except considerable aid by pastors.

The following recommendation from a committee was discussed, and referred to the Board:

The Union met at Mount Pleasant, October 24, 1860, Rev. L. W. Hayhurst in the chair. Rev. T. W. Powell delivered an address on "The Duties of Pastors to Sunday-schools." The following topics were discussed:

1. "How can we secure the attendance of the members of the Sunday-school, teachers and scholars, on the regular exercises of the sanctuary?"

2. "How can we make our Sunday school

On motion.

"Resolved, That it is the sense of this body that every Baptist Church in Iowa should have a Sunday-school of its own."

On Sunday, a children's mass meeting was held, led by J. Sunderland. Addresses were made by C. T. Tucker, J. S. Mable, T. W-Powell, and C. F. Tolman.

The statistics of the Sunday-schools which the Union have been able to obtain, are so imperfect, that they are not given in detail. They have reports from about 100 schools, which show 803 teachers, and 9,635 scholars. This is believed to be less than one-half the number in the State. number in the State.

EXTRACTS FROM REPORT OF THE BOARD. KINANCER.

There was in the hands of the Treasurer There was in the hands of the Treasurer for State missions, at the beginning of the year, \$96; there has been received during the year for State Missions, \$10,268.20; and paid out \$9,997.75; leaving a balance of \$70.75 in the treasury. There are now due our missionaries \$1,199.58; for the payment of which provision is yet to be made. The receipts during the fiscal year, though greater than in past years of our history, yet are not equal to what they should be; we ought to raise annually at least \$25,000 to supply the destination of our State. tution of our State.

MISSION WORK IN THE STATE.

Your Board, to the full extent of the means furnished it, has rendered assistance to feeble churches in support of their pastors. The importance of this branch of our work cannot be too highly estimated. It is literally carrying out the apostolical injunction that "the strong should help the weak." Quite a number of our strongest and most liberal churches at this time, were once under the fostering care of this Board, struggling for an exist-ence, and but for its timely assistance would

have perished.

And furthermore, we have sought to cultivate especially the extensive destitute regions in the mountains, embracing about twenty-two of our largest counties, lying along on the Virginia and Tennessee borders. and among the mountains of the Cumberland range; and the success has been remarkable; revivals have been numerous, and accessions large; but much remains to be done to make our success complete.

The far-seeing, enlightened business enterprise of our large cities, is stretching out its hands to grasp the vast stores of wealth, hidden in these mountains. Already Mt. Vernon, the county-seat of Rockastle county, is in six hours travel of Louisville. Richmond in a shorter time.

The consequences will be that an immense population of intelligent, enterprising business men will settle in these mountains. Already they are beginning to do so; and already other denominations are beginning to send their strong men to take the strong central points of influence.

We should carefully maintain our vantage ground, and not give way to others to occupy our territory already acquired. Let us stim-ulate these mountain churches to organize ministers' and deacons' meetings; let us send some of our strongest men among them to mould and give direction to their reli-gious enterprise. Let us seek to introduce our valuable paper, the Western Recorder, into every mountain household, in order that they may all become intelligent, reading Christians.

SUNDAY-SCHOOL DEPARTMENT.

The Board has had Brother J. V. Riley laboring as General Superintendent of the Sunday-school work in the State. He has labored during the past year until April last, when he resigned on account of ill health. It has been the plan of the Board to make it an important part of the work of all its missioners and even callists to establish Sunday. sioners and evangelists to establish Sunday-day-schools wherescever they have gone. Nor have their efforts been unsuccessful. There have been 76 new schools established, with an average attendance of 30 scholars in each school, making a total of 2,280 scholars. There were a number of Sunday-school meetings held, and lectures delivered, and a num-ber of Bibles, tracts, and papers distributed, It is a part of the work of every evangelist and missionary to labor to establish Sundayschools, lecture on the Bible, establish Bibleclasses, and stimulate the people to meet every Lord's Day for the public worship of God.

COLORED MISSION DEPARTMENT.

The Superintendent in bis report says: I would beg leave to ask your attention to a few things in relation to the Baptist cause among the colored people of the State. First, The vast beds of coal and iron, and the we are suffering very much from the want of a

more enlightened ministry for our churches. And next to this is a want of competent teachers for our schools,—both for the day and Sunday-schools. This lack of teachers of our own throws our children under the influence of teachers of other denominations, which weakens our cause. We have two which weakens our cause. We have two brethren laboring in the State, Brother R. T. W. James, sent eut by our Convention, and Brother William J. Brown, who is supported by the Baptist Publication Society. These Brother William J. Brown, who is supported by the Baptist Publication Society. These brethren report to us a great want of sound teaching, and a proper training among our people in many parts of the State. Now, in view of this great destitution of men and means, we feel obliged to look to you for both men and money, and most earnestly pray that something may be done to relieve us from some of the disadvantages we labor under. In view of the importance of the work of evangelizing the colored race in Kentucky, we would advise the continuance of the department, and that more vigorous efforts be

partment, and that more vigorous efforts be

put forth.

The Baptists of Kentucky ought to raise and expend for colored missions \$5,000 annually. It is high time that we were fully alive to the importance of this work. From the brief reports given above may be seen what Episcopacy and Romanism are already trying to do and if something is not done, and that vigorously and efficiently, we shall lose ground among the colored people, and our members will be seduced into heresies. We have Africa at our doors, and we should labor to convert her thousands to Christ.

the past year, which will reduce the dener to about \$2,200."

In addition to work done, the Board report that they "have deeply regreted their inability to supply the destitute churches at Salisbury and Vienna, or to respond to other appeals which have been made to them from various fields. They have had neither the men to send, nor the money to support them, and they earnestly urge upon the churches the duty of fervent prayer for both these objects. A general missionary or evangelist is greatly needed. Past experience has shown the value of such a laborer. Once, during the year, a correspondence was opened with a brother peculiarly qualified for such a post, but he declined to enter the field. We hope to be more successful next year, if the brethren will only furnish the additional funds needed for his salary."

The Ministers and Widows' Fund reported \$1,949.29 on hand at beginning of the year, \$351.17 received; making a total of \$2,300.46. The payments during the year \$73.40; leaving a balance of \$2,227.06 in hand.

The following plans were adopted to promote the cause of ministerial education:

A committee of five brethren shall be ap pointed annually by the Executive Board, to be called the "Committee on Ministerial Education."

It shall be the duty of this Committee to correspond with the pastors of the churches in the Association; to urge them to seek out young men of promise in their respective churches; to take up collections annually, or oftener, for the purpose of aiding young men in pursuing studies preparatory to the minis-try; and generally to interest their members

in praying, giving, and laboring for this important object.

The funds entrusted to this Committee shall be appropriated by them only to aid young men connected with churches of this Assomen connected with churches of this Association, who shall be recommended by their respective churches, and approved by the Committee, after careful examination, and who shall pursue their studies in the institutions approved by said Committee® But any church may designate the young man to whom its contributions, or any part thereof, whell he approprised and the institution at shall be appropriated, and the institution at which he shall be educated.

This Committee shall present a quarterly report to the Executive Board, and an annual report to the Association, in connection with that of the Board.

In regard to the formation of a Sunday-school Convention, the following resolution

was adopted:
"Resolved, That the Standing Committee
on Sunday-schools correspond with the Sunday-schools within the bounds of the Association, requesting them to send delegates to a Convention to be held the day before the next meeting of the Association."

Townley preached from Matthew xxvii. 32.
There were present 19 life directors, 38 life members, 39 annual members, 9 delegates, and 11 visiting members; total 146.
The report of the Board says that the State missionary "during the year has visited churches in every Association; preached one hundred and forty-five times; sided in the protected meatings, standed various six protracted meetings; attended various church and committee meetings for consultation; furnished supplies for from ten to twenty pulpits every Lord's Day, and prowided pulpits for as many ministers at large; made sundry collections to remove church debts; maintained an extensive correspondebts; maintained an extensive correspondence, sometimes answering thirteen letters a day; and in short, performed any and every service that the feeble churches required at his hands. In the beginning of the year he visited the Berkshire Association, and found form a hardware the service resolvent. visited the Berkshire Association, and found four churches without regular preaching; one of them had not enjoyed the services of a Baptist minister for years; its pulpit now, however, is well supplied. The other three have settled pastors. A like statement, to some extent, may be made of his successful efforts in the Westfield, Sturbridge, Franklin and Miller's Biver Associations.

"The Roard has made ampropriations distributed by the statement of the westfield of the statement of the westfield."

"The demands upon the Convention are greater than ever. Nearly one in every five of the Baptistichurches in the Common wealth stands begging at the door of your treasury. The increased cost of supporting pastors, and the other conditions of public worship, is compelling some churches to re-turn to the Convention with a despairing cry-that, it was supposed had passed the point of dependence forever. Many ministers of of dependence forever. many infinites of Christ, too, are trying with heroic self-denial to carry along their discouraged and fainting churches on inefficient salaries. Still further, the feeble churches have been one great source of the supply of ministers. In a re-cent application from among the hills, the church says: 'this church has sent out twenty-five ministers, and we hope to send out many more. Churches that enrich the de-nomination in a way like that, ought not to ask for a little money in vain. Christ has no want in one part of his kingdom for which there is not a supply in some other part. Shall the other part see, and feel, and relieve its want? The Convention should have ten thousand dollars for the coming year."

The receipts into the treasury were \$8,672.-23; the expenditures \$7,041.07; leaving a balance on hand of \$1.631.16.

The Board say: "Not quite 20 churches in

the State have contributed one hundred dollars each or over to your funds the past year. Hence it appears that about one-fourth of all the money collected for the general purposes of the Convention has been raised among a

very inconsiderable number of the churches. The contribution of some churches of considerable size would hardly give a Sunday's preaching to their needy brethren."

The next meeting will be held on Wednesday, October 26th, 1870, at such place as the Board may designate, Rev. S. J. Bronson to preach the annual sermon, G. W. Gardnar D. D. alternate. ner, D. D., alternate.

MASSACHUSETTS BAPTIST CHARITABLE SOCIETY.

The forty-eighth annual meeting was held at Salem, Oct. 27, 1869, A. Pollard, D. D., in

the chair.

From the Treasurer's report it appears that the whole amount received during the year, including that on hand at its beginning, was \$4,201.47. The amount paid out to thirty-two widows was \$2,102.50, leaving in the treasury \$2.098.97.

The following is a standing resolution of

the Society:
"Resolved, That the President, Secretary, and Treasurer be authorized to receive any new applications for aid, and to make appro-priations not exceeding \$25 each, during the recess of the Board."

All applications for aid must be made in

writing to the Secretary.

The following paper, offered by A. Pollard, D. D., was unanimously adopted by the Society, and ordered to be put on record:
"WHEREAS, It has pleased God to remove by

death our much esteemed and honored Presdeath our much esceemed and norred resident, Hon. Heman Lincoln, of Boston, we desire to put on record our high estimate of his great worth as an eminently intelligent, devoted and benevolent Christian, and our deep sense of the loss of this Society in common with our denomination at large, has sustained in his death."

The President elected in place of Mr. Lincoln, B. Stow, D. D., has also died since the meeting was held.

CONFERENCE OF BAPTIST MINISTERS.

The Conference met at Salem, October 26, 1869, A. Pollard, D. D., in the chair. The annual essay was read by G. B. Ide, D. D., on "Slowness the Law of Divine Progress." The annual sermon was preached by Rev. A. J. Gordon, from 1 John v. 8: "There are three that bear witness on earth; the Spirit, and the water, and the blood; and these three agree in one."

The President made the following statement in regard to the work and needs of the Conference: "Our quarterly appropriations have afforded essential relief to a number of worthy brethren, most of them in advanced age, and all in extreme indigence, who but for our aid must have suffered for lack of the

simplest comforts of life.
"Within the last two years three of our beneficiaries have been called to their rest.
Two of them were totally blind. They have exchanged earthly poverty and suffering for heavenly riches and bliss.

"But while some who have depended on our assistance have passed away, others re-main, and the number is increasing, whose extreme poverty appeals to our warmest sympathy, and demands prompt and generous

relief.

"There are in this State not less than a score of most worthy ministers of our denomina-tion,—men of the purest character, who have done good service for Christ and the churches, done good service for Unitstant the churenes, who greatly need some pecuniary assistance. Three or four thousand dollars a year could be judiciously expended for their relief. But so limited are the means placed at our disposal, that we are compelled to limit our appropriations to a small number of the most

propriations to a small number of the most extreme cases of want and suffering.

"We greatly desire to increase both the number of our beneficiaries, and the amount of their appropriations. But this is impossible without an increase of our funds."

without an increase of our runds.
The next meeting will be held in connection with the State Convention, in October, 1870. Rev. D. Weston to be the essayist, and Rev. H. M. King, alternate; Rev. C. W. Anable, D. D., to be the preacher, and Rev. W. E. Stanton, alternate.

NORTHERN BAPTIST EDUCATION SOCIETY.

The fifty-fifth annual meeting was held at Salem, October 28, 1859, the President, O. S. Stearns, D. D., in the chair. The sermon was preached by H. Lincoln, D. D., from Rom. xi. 13: "I magnify mine office."

The report of the Board says: "The whole number of students added by us during the veer has been 41: of these 8 have been in

year, has been 41; of these, 8 have been in their collegiate course, and the rest in the Theological Institution at Newton. Fifteen of those at Newton completed their course of

of those at Newton completed their course or study there, and left at the last anniversary for the great field. Most of them are already settled as pastors. "Instead of those who, by the completion of their course of study, will no more need aid from us, we are expecting a larger numaid from us, we are expecting a larger number of applicants for your bounty at our meeting next week. Twenty have already applied to the Corresponding Secretary for assistance, and others may present themselves to the Board directly. Thus our list is to be kept full at the commencement of the year. "It is worthy of special portion that they derive

"It is worthy of special notice that of the applicants for aid referred to above, two have been well settled as pastors. They have tried the responsibilities and labors of the ministry long enough to learn that they needed a more thorough intellectual preparation therefor. The magnitude and difficulties of the work unfolded as they entered into it, and they came to the conclusion that time spent in increasing power will prove better economy than more time spent in work with less power.

"Contributions from the churches and in-dividuals have reached the sum of \$3,119.64, an increase of the same over last year's re-ceipts of \$666.03. The income from invested funds has been \$3,284.90, considerable more than was received last year from the same source. The Society has also been favored in the reception of legacies to the amount of \$2,771.80. According to the former policy of

the Directors, the sums received from legacies have been invested in bonds bearing interest. And to these sums have been added the amount of extra dividends (\$1,313.50) paid by one of the corporations whose stock we hold, thus increasing our Permannt Fund from \$21,600, as reported a year ago, to \$25,-200, the market value of which, at the present time, is \$29,000."

The total receipts were \$10,419.88; the total expenditures \$10,008.19, leaving a balance on hand of \$411.69. The expenditures were, for hand of \$411.69. The expenditures were, for students, \$5,084; expenses of Society, \$304.19; invested, \$4,620.

The next meeting will be held with the Convention, in October, 1870.

MICHIGAN BAPTIST CONVENTION.

From the report of the Board it appears that "the total amount of labor performed by the missionaries employed is as follows: 793 weeks of labor, 1,953 sermons preached, 1,350 weeks of labor, 1,963 sermons preached, 1,850 addresses delivered at prayer and other meetings, 88 lectures delivered, 6,000 religious visits made, 141 persons baptized, 34 stations and 42 out-stations occupied, 4 churches organized, 4 houses of worship completed, 1 extensively repaired, and 9 now being built. The above work has been performed at an expense of about \$7,000. The amount contributed in the State will fall a little helpow \$6,500 leaving a balance of \$500 to little below \$6,500, leaving a balance of \$500 to be made up by the Home Mission Society. The contribution to the Home Mission Society should be at least double what it is, and \$10,000 is the lowest demanded for the next \$10,000 is the lowest demanded for the next year. This would enable the Board to meet a considerable proportion of the imperative calls made in the State, and to put \$2,000 into the Home Mission Society for its general work. There are nearly 20,000 Baptists in the State, and the amount required is but an average of 50 cents per member. If it were made \$1 per member, it would give the cause an impulse which would be felt in all coming time.

The Committee on Ministerial Education reported through S. Haskell, D. D. "It is now twenty-live years since the Convention pro-jected the Kalamasco Theological Seminary, and twenty years since the first professor was appointed. Sixty students have gone directly appointed. Sixty students have gone unevery from the Seminary into the ministry, and many more have had a partial education within its walls. The property of the Seminary, inits walls. The property of the Seminary, including permanent funds, notes, etc., amounts to \$67,977. Its liabilities are only \$4,514; making the value of the property over liabilities, \$63,463. Of this amount \$17,496 bears interest. The income the last two years has been \$1,000 per annum. The building has been thoroughly repaired and improved, with new roof, etc. The beneficiary fund the last year has amounted to \$849. REPORT OF THE BOARD.

Your Board has carefully examined all applications for aid with reference to the adaptation of applicants to the fields to be occupied, the prospect of success, the ability of the churches and communities where aid is the churches and communities where aid is sought, and the comparative importance and necessities of each case. Your Board has approved of fourteen applications, calling for 4,300. Nineteen of our brethren have held commissions from the parent Society, and have received \$2,788.77 from October 1st, 1869. This does not include what is due the missionaries since their last Fourteen of these brathren are now reports. Fourteen of these brethren are now missionaries of the Home Mission Society.

FINANCES.

By our Treasurer's report, it appears that \$3,946.23 have been received since the first of November last. The stringency of money matters, the lateness of the harvest, the inability to harvest the wheat, and the large number of meeting-houses built, and in process of erection, accounts in part for this deficiency. deficiency.

WORK.

These nineteen missionaries, while holding commissions from the parent Society, have performed eleven and a half years of service for the Master. Not less than fifty churches have enjoyed the labors of these missionary pastors, not including the services of our general missionaries. Besides what is received from the Churches, \$200 per man, on an average, will keep these men of God on their fields; and they preach, on an average, to three churches each, besides performing a vast amount of missionary labor. In no depart-ment of Christian effort does a little money go farther. Without this assistance, these churches could not sustain their pastors.

These good brethren ought to preach Christ to the teeming countrymen that are crowding upon our frontier. Their poverty, and the lack of mission funds, kept these brethren upon their homesteads. He says: "In all parts of the State there has been a grand uprising of the denomina-tion to ongage in this department of Chris-tian effort. An advance has been made along the whole line of the Baptist ranks. Even during the winter months, there were more Sunday-schools in opperation than had ever be-fore been kept up during the summer season. Many of the schools that before were killed by the winter's frosts, have become perennia, and yield their fruit every month. Many of the pastors, superintendents, and teachers whose patience and strength became exhausted in a three month's summer school, are now vigorously at work for a life-time. The standard of teaching has been elevated, the manner of conducting Sunday-schools has been exertly interested to the standard of the sunday schools have been detailed in the school of the sunday schools have been detailed in the sunday of the sunday of the sunday of the sunday schools have not seen the sunday of the sunday greatly improved, and the supply of books and papers, and other requisites, have been more ample, and in keeping with the end to be attained.

"If the several new applications are favorably considered, we shall begin the year with not less than thirty beneficiaries. It is gratinot less than thirty beneficiaries. It is gratifying also to be able to state that this increase to our number is from the New Jersey Churches; for it is our policy not to go be-

yond our own membership, except where we adopt German brethren. Plainly, the churches are beginning to be aroused to the importance of new efforts for ministerial supply.

"Special mention should also be made in

this report, of the advanced position of New Jersey Baptists, within the year, in the matter of general denominational education. The of general denominational education. The completion of the splendid new building for the Classical and Scientific Institute, at Hightstown, at a cost of some \$180,000, and the gathering within its walls of a hundred students, under a faculty of the highest qualifications, and the progress made in the completion of the spacious and beautiful edifice for the school at Bridgeton, mark an era in the history of our denomination in the State. the history of our denomination in the State. Until now we have had either to export our youth for education, or send them to Pedobaptist schools; while the stigma has attached to us that we were doing nothing in providing academic instruction for the people. Let us thank God for the prospect of no longer coming short of others in developing and moulding the rising intellect of our flourish-ing commonwealth; while our own benefi-ciaries may for a longer period be kept at home.

The Treasurer's report shows the receipts to have been \$2,738.74; expenditures, \$2,080.86;

in hand, \$657.88.

The Society unanimously adopted a report on ministerial supply, from which we make

"3d. That while we are alive to the advantages of educating such men at our regular institutions of learning, we also desire to see the experiment tried, in one of our large cities, of a training-school for preachers of this class, on as inexpensive a basis as practicable, to be sustained chiefly by the voluntary services of

local pastors.
"4th. Believing it to be the duty of the minletry of any period to provide an adequate and faithful ministry to succeed it, we also submit, in addition to the foregoing methods, the propriety of so far reviving the old-time practice, m special cases, that pastors shall take some of this class of men under their personal tuior one class or men under their personal tri-tion and supervision, and fit them for the work to which God has called them, premising, however, that those men who may be found able to pursue a full course at the regular schools, shall be urged to do so."

After which the following was unanimously

adopted:

" Resolved. That we view with favor the formation of a ministers' training school in the city of Newark, answering to the requirements of the resolutions just adopted."

PASTORS' CONFERENCE.

The second anniversary was held at Brockport, October 12, 1869.

The sermon was preached by J. K. Kendrick, D. D., from Luke i. 33.

Papers were read as follows:

"Pastoral Visitation," by H. Harvey, D. D. "Woman's Work in the Church," by Rev. T. Rogers.

"State of Religion," by C. P. Sheldon, D. D. An address was delivered by M. B. Anderson, D. D., on "The Duties of Pastors in respect to Education."

An excessis was presented by A. C. Kendrick, D. D., on Heb. i. 5, 6.

The Finance Committee presented one reason why ministers in the State should unite with the Conference:

"It may be a pecuniary advantage; since, in case of the death of a member, his family, upon application to the Treasurer, will receive \$50, more or less, as the circumstances of the case may seem to demand. If any pastor is in such a position that his family will not need this sid, he will have the satisfaction of knowing that his annual fee of \$\frac{3}{2}\$ is contributed to lighten the burden of care pressing upon the hearts of less favored brethren."

The next meeting will be held with the State Convention, in October, 1870.

NORTH CAROLINA BAPTIST CONVENTION.

The Convention met at Newbern, November 10, 1869, the Vice-President, T. H. Pritchard, D. D., in the chair. Seventy-nine dele-

gates and members were present.

The annual report says: "We are gratified to be able to state that there has been a general awakening in all parts of the State upon the subject of systematic benevolence, and that a large number of the churches have adopted a system, and are now contributing, some weekly, some monthly, and others quarterly, to the objects of the Convention."

The report shows that 10 mischanger in the convention."

The report shows that 18 missionaries have The report shows that 18 missionaries have been employed for larger or shorter periods during the year. They report 6.131 miles travelled, 800 sermons preached, 74 prayer-meetings, 492 families visited, 8 churches constituted, 7 Sunday-schools organized, 459 bartized. The expenditures have been over \$3,000. Dr. Pritchard, Vice-President, said "if \$25,000 were in the hands of the State Mission Board they could at once appropriate it to supplying important points where we had no missionaries at work."

missionaries at work.

The Sunday-school Convention reported, as a moderate estimate, 600 Baptist Sunday schools in the State, with 40,000 scholars. They state that five-sevenths of the conversions among Baptists in the State were from the Sunday-schools. The total amount of funds raised by the Association was \$2,580.96.

Very gratifying results attend the labors of Rev. R. S. Pritchard, the Corresponding Sec-retary, who has been engaged in organizing schools and conventions. In one region, 80 miles long, where last year there were not more than 200 engaged in Sunday-schools, there have been this year more than 2,500, and most of the schools have been visited by the outpouring of the Spirit, and over 200 have been converted.

The Secretary reports 1,565 miles travelled, 17 sermons preached, 32 addresses delivered,

Tresmons practiced, and 10 schools visited.
The introductory sermon at the next meeting is to be preached by Rev. Wm. Turner, W. Royall, D. D., alternate; the missionary sermon by J. McDaniel, D. D., Rev. A. J. Emerson, alternate.

WESTERN BAPTIST CONVENTION OF NORTH CAROLINA.

The thirteenth annual meeting was held at Morgan Hill. Buncombe county, September 25, 1869, the President, Rev. N. Bowen, in the chair. There were 73 delegates present. The introductory sermon was presched by Rev. D. B. Nelson, from Colossians iii. 17.

The missionary sermon was preached by Rev. N. Bowen, from Mark zvi. 15. W. M. Wingate, D. D., preached a sermon on the "Personality and Work of the Holy Spirit," from John xvi. 7.

The next meeting will be held at Holly Spring, Macon Co., on Saturday, Oct. 15, 1870.

EXTRACTS FROM REPORT OF BOARD. WORK OF THE YEAR.

The number of missionary laborers engaged either the whole or a part of the year is thirty-seven. Of these, sixteen labored is threy-seven. Or these, sixteen iscored the entire year on one field, and the others only fractions of the year. The whole amount of mission work is equal to twenty-five years and forty-two weeks, and although the number of missionaries is less than last year, the amount of labor is exactly the same.

SUMMARY OF RESULTS.

The thirty-seven workers engaged have de-livered 3,757 sermons and addresses; held 2,001 prayer-meetings; made 7,185 pastoral visits; 536 have been gathered into the mission churches; 3 meeting-houses have been completed and entered; 5 others are in process of erection; and 4 of the mission churches have assumed their own support. Sunday-schools are sustained in connection with all the missions, in which thousands of with all the missions, in which thousands of children and youth receive religious instruc-tion. The work at most of the stations has moved steadily forward, and is in a healthy, hopeful, condition. We have cause for humble, devout gratitude to God, that he has so graciously blessed our efforts. The Treasurer reported, balance in hand last year, \$3,749.32; received during the year, \$7,374.72; expenditures, \$5,582.82; balance on hand, \$2,531.22. The office of Superintendent of Missions

From the report of the Board we learn that forty-six brethren have been commissioned, most of whom have served the entire year. They have occupied 61 churches, and 48 out-stations. Their labors have extended into 28 counties, and nearly every Association in the State, the only exceptions being the Abington, Bridgewater, and Ten Mile. In the performance of their duties, they have preached 4,352 sermons, attended 2,410 other

meetings, made 5,604 pastoral visits, travelled 32,338 miles, and baptized 207 persons.
"At the commencement of the year, our treasury was overdrawn \$447.15. The receipts from all sources have been \$12,043.21, and our

PENNSYLVANIA BAPTIST EDUCATION SOCIETY.

The thirtieth anniversary was held at Lewisburg, July 27, 1869, Rev. Geo. Frear, Vice-President, in the chair. The annual sermon was preached by Rev. B. F. Woodburn, from Eph. iii. 8.

From the report of the Board, it appears

that sixty students for the ministry have been aided during the year. Of these, 9 are in the Theological Seminary, 34 in College, 16 in the Academy, and I not fully entered.

The Society was organized in 1839. Its work for thirty years is thus set forth:
"Number of pastors now in active service in this State, 14; New York, 8; New Jersey, 18; Eastern States, 4; Southern States, 7; Western States, 25; German Churches, 3; Foreign fields, 4; deceased, 20; names unknown, 18; known fallures, 21; now pursuing studies, 60; total, 252.
"Beceipts of the Society during the first decade, \$5,538,04; second decade, \$0,528.25; third decade, \$55,399.48; total, 395,433.76.

Of this number, only six have forfeited Christian or ministerial standing. The remaining twelve in the list of known failures, have failed to enter the ranks of our ministry, yet are laboring in the Master's cause in other spheres.

The Board says: "We close this report with the statement of a single feet and the

RHODE ISLAND BAPTIST CONVENTION.

The forty-fourth annual meeting was held manner, demands our most earnest and ith the Friendship Street Baptist Church, prayerful consideration." with the Friendship Street Baptist Church, Providence, April 27, 1869, the President, Rev. J. Brayton, in the chair. One hundred and twelve delegates and life-members were pres-

ent. The annual sermon was preached by Bev. A. F. Spalding, from Jeremiah xxiii. 29. The report of the Board says: "The re-view of the year's labor, on behalf of the Con-vention, presents several important features. At no previous time, in the history of this society, has the demand been so great for pecuniary aid and missionary labor. It has been necessary, in some cases, to decline to render assistance for want of resources; yet larger sums have been paid this year than ever before, and they have already, as we be-lieve, given commensurate returns in spirit-ual blessings.

"The wants of the Staie seemed to warrant the effort to raise \$3,000, the same amount as that which formed the basis of our appropriations last year; and the aggregate of the de-mands made upon us has been in excess of

Twelve churches have received aid from the Convention during the year, and two missionaries have been sustained.

One of these missionaries, who had been laboring with cheering results in the western part of North Kingstown and eastern Exeter, presents a statement in regard to the need of missionary labor in that part of the State:

"I know of no more important field for missionary work in the State than this region. Within six miles there are six regularly organized Baptist churches, neither of which has ever, to any great extent, enjoyed the benefits of faithful pastoral work. The result is that they are, and have been, as sheep without a shepherd. Some of these churches without a shepherd. Some of these churches are not half so large or efficient as they were twenty-five years ago. Nor will their condition ever be changed for the better, without judicious missionary work. To be convinced of the great need of missionary labor in different parts of the State, one has only to acquaint himself but partially with the moral and religious condition of the people. Very many professing Christians are doing little or nothing for Christ, while tens of thousands are living in sin. neglecting the ordinances are living in sin, neglecting the ordinances of God's house; and they will die unreconciled to God, unless the gospel is carried to them, and pressed upon their personal and immediate attention. Something has been done. Much more needs to be done. How in July next. The amount that will then be to do it, in the most efficient and economical

The receipts for the year were \$5,006.90; the expenditures, \$4,032.84; leaving a balance of \$974.06. Of the receipts, \$2,000 were bor-

rowed, and are yet due.

The Board says: "The income from all The Board says: "The income from all bequests, legacies, and permanent funds, is small, and the chief reliance of this Convention is upon the contributions from the churches. The society belongs to them; the work is all their own; and by far the larger number of churches is directly affected by this State missionary organization. Fortythes of the fifty, nine churches have received three of the fifty-nine churches have received assistance, in money and missionary service, through this medium. There are not more than three or four of the twenty-five churches, which have been organized during the past thirty years, that have not been aided by the Convention."

The next meeting of the Convention is to be held with the Stewart Street Church, Providence, on Tuesday, April 26, 1879 Rev. O. P. Fuller to preach the annual sermon, Rev. C. A. Snow, alternate.

RHODE ISLAND BAPTIST EDUCATION SOCIETY.

The seventy-eighth anniversary was held in Providence, April 26, 1869, the President,
A. H. Granger, D. D., in the chair.
The Board in their reportsay: "The wants

of the Society have been brought directly to the attention of pastors and churches, and contributions have been earnestly solicited,

but without meeting with generous responses. Fewer churches have aided the Society than were reported a year ago, and the number at that time (thirteen) was only about one-fifth of the Baptist churches in the State. This year there were but eight, or less than one-seventh of the churches. Other churches, which have regularly contributed to our treasury for several years have done less than usual this year. Our finances are, therethan usual this year. Our finances are, therefore, not in an encouraging condition. The amount in the treasury, at the beginning of the year, was \$337.55. The income during the year has been, from contributions, \$226.26; from dividends, \$158.50. The expenditures have amounted to \$496.04, leaving a balance in the treasury of \$226.27. The new Board will therefore find itself embarrassed in meeting the usual semi-annual appropriations appropriations to beneficiaries would be a special misfortune to them, and in no wise a credit to us. To accept new applicants, under existing circumstances, will be impossible. Applications from young men of certified high character and promise have been, for months, before the Board, but for the reason just mentioned the Board, between the reason just mentioned the Board have

been, for months, before the Board, but for the reason just mentioned, the Board have delayed action upon them. These facts re-quire the special notice of the Society. "Six beneficiaries have received aid during the year. One of them graduated in the last class from Newton, and has entered upon his work in a promising field. Of the others, two have been recently received. The five beneficiaries, now receiving the patronage of the Society, are all purposing the full course the Society, are all pursuing the full course of study in Brown University. They maintain their claim upon the confidence of the Board and of their instructors. Two of them will graduate this fall and enter Newton Theological Seminary."

The report of the Executive Board was submitted by Rev. Dr. Dargan. It stated that the agent of the Board, Rev. T. H. Pope, had travelled extensively through the State, and had earnestly endeavored to impress upon the churches the duty of systematic beneficence, and he hoped with some success,—though he could not state definitely what would be the ultimate results of his efforts. Most of the churches preferred to sand their would be the ultimate results of his efforts. Most of the churches preferred to send their contributions through the Associations to which they respectively belonged. Some of the Associations supported missionaries within their own bounds, and hence were slow to adopt the plan of the Convention. The report recommended a change in the location of the Board, and that the agent be continued. continued.

The report was referred to a committee, which recommended a plan which proposes three things: "Frequent contributions, however small,—a contribution from each church, and a contribution from each member of the church."

The condition and necessities of Furman University were presented, and measures suggested for the promotion of its welfare. On motion of J. O. B. Dargan, D. D.,

"Resolved, That the success attending the Sunday-school cause during the past year calls for devout gratitude to God, and that the brethren be requested to engage more zealously in this cause."

Dr. Curtis offered a series of resolutions of the same spirit and character as those passed by the Convention in the years 1868-767, in regard to the religious improvement of the colored people. After general discus-sion of the subject, the resolutions were adopted

Dr. Manly offered the following resolutions:

"1. "2. Resolved, That it is the duty of the churches, and especially of the ministers, to seek out and encourage those who may be called of God to preach the gospel, and aid them so far as is needful in preparing for greater usefulness.

"3. Resolved, That the enlistment of the private members of the churches more and more largely in the exercises of social wor-ship, and in personal efforts for the spread of the gospel, is one of the most hopeful means of recruiting the ranks of the minis-try and increasing the efficiency of the churches."

The next meeting of the Convention will take place at Greenville, on Thursday, June 23, 1870. This being the fiftieth anniversary, J. L. Reynolds, D. D., by appointment, will give a history of the Convention. Richard Fur-man, D. D., was appointed to preach the missionary sermon.

WEST TENNESSEE BAPTIST CONVENTION.

The thirty-third anniversary was held at Brownsville, Nov. 13, 1869, the President, C. C. Concer, D. D., in the chair. One hundred fifty-five delegates were present. The convention sermon was preached by Rev. J. F. B. Mays, from 2 Cor. iii. 6. Theme: "A Good Minister."

The Executive Board reports: "At the meeting of the Convention of 1868, a resolution was adopted recommending the Board to appoint a general evangelist, with the under-standing and assurance of a liberal support, and that local missionaries be employed in communities to supply the destitution con-tiguous to their homes. After settling with their missionaries for the year, the Board found itself still indebted to them, with an exhausted treasury, and a resolution of the Convention saying that the expense of em-ploing paid agents ought to be abandoned, and a recommendation to the churches, the and a recommendation to the churches, the plan of weekly contributions, with the request that they be forwarded quarterly, to the Board, as the means of carrying on the work of evangelization. Without money, the agency system discontinued, and experience has taught them that it was unsafe to rely upon the amount sent up to the Convention to meet the salaries of missionaries, the Board felt that they metawait the voluntary contributions, before they could go forward with their work. In these embarrassing circumstances, Brother C. C. Conner agreed to accept an appointment from the Board, as evangelist and agent, and visit as many churches and Associations as practicable, and attempt to awaken a more enlarged missionarrespirit, and a more enlarged missionary spirit, and a more generous support of the Convention in its work. With a self-sacrificing love for the interests of the Convention, Brother Conner entered upon his work, without the promise of a salary, agreeing to depend upon the voluntary contributions independent of the amount solicited. for the Convention, for his support.

"In addition to his able and faithful preach-

ing of the gospel in many places, he was en-couraged to hope for a larger contribution to the funds of the Convention, which is yet to be realized.

"The voluntary contribution for his own support has not met the expectations of him-self or the Board, and it is but proper that the Convention, according to its ability, should add to the amount.

"The Board has had Brother W. T. Bennett employed as a missionary, for two months, who reports 32 sermons, 4 Sunday-school lec-tures, 5 professions of religion, collected \$20.50 for the Convention, and secured a bequest from Brother Robinson from his estate to the Convention.

"After a trial of two years, the Board is convinced that a more certain and efficient convinced that a more certain and efficient system of agencies for the collection of money must be adopted or the Convention must either die, or maintain a sickly existence, but little better than death, and discreditable to the Baptists of West Tennessee."

The general agent reports: "I have travelled 1,710 miles, preached 90 sermons, delivered 22 lectures upon various subjects connected with your interests, raised by subscription and in cash, \$487.40."

The Committee on Education, in their report, say: "Amid all the insignations cast

port, say: "Amid all the insinuations cast upon us, as Baptists, in all ages, and still flippantly repeated, that we are not the friends, nor the advocates, nor the promulgatriends, nor the advocates, nor the promulga-tors of a general and liberal education, we rejoice in the record that, without State im-perial patronage, or political enactments, often amid poverty and persecution, we have, as a denomination, projected and controlled educational interests whose influence

It should have a hold on our affections, and deserves our confidence and patronage. Brother D. H. GENERAL MISSIONARY ASSOCIATION OF TENNESSEE.

The second annual meeting was held with the First Colored Baptist Church, at Memphis, August 19, 1869. The introductory sermon was preached by Rev. N. B. Frierson.
The General Association includes 103 churches and 3 Associations (in all 152 churches), from most of which delegates were present. It represents a membership of 10,145.

From the report of the Board we learn that 15 missionaries have been employed in its field. Partial reports show 143 baptized by its need. Fartual reports show its obspired by the missionaries during the year, 5 churches organized, and 2 houses of worship built. The Board say: "Our work has been com-paratively meagre for the past year; yet we have great reason to bless and adore the great God of heaven in that he has permitted work of carrying the gospel. The churches have not made their regular reports to the Board, as instructed, and we would propose in lieu the following resolutions for our

government:
"Resolved, That the Board call on each church composing the Association, and re-quest three collections a year, the same to be forwarded to the Board immediately after

collection.

"Resolved, That no missionary shall call on the Board for money, unless the churches he visits shall comply with this requirement, and he has furnished his report to the Board."

The Committee on Sunday-schools reported the following resolutions, which were

adopted:

"Resolved, That we believe it to be the duty of this Association to exhaust all possible means to encourage the churches and pastors in the Association to gather the chil-dren in their vicinities into the Sundayschools, and to do all they can to provide them with our denominational books, and report at our next annual meeting the number of teachers, scholars, and volumes in their several schools.

"Resolved, That it is the desire of this Association that all of our churches without Sunday-schools should immediately organize them in thier respective churches.

"Resolved, That we recognize the Sunday-school as a powerful moralizing agent, and believe that to strengthen and build up our denomination, we should impart to our children our sentiments and the word of God in its purity, thus rearing them up in the way they should go."

The Treasurer of the Educational Board reported \$433.86 received during the year; \$712.65 expended; a deficit of \$248.80.

TEXAS BAPTIST STATE CONVENTION.

The Convention met at Galveston, October 2, 1869. Eighty-five delegates were present. The introductory sermon was preached by Rev. S. B. McJunkin. The annual missionary sermon was preached by W. Carey Crane, D. D., and the annual educational sermon by Rev.

Horace Clark.

Special attention was given to education and missions, and incidental to publications, Sunday-schools, and colored population. It was determined to make a vigorous effort to supply destitute cities and towns in Texas, and the German population with a preached gospel. At the same time it was urged that strenuous exertions should be put forth to stimulate Associations to supply their own destitution as well as rural districts in the west and north-west of this great State. The General Agent reported about \$2,000 collected in specie, for State missions. All the ministers present pledged themselves to take up collections before the spring, for foreign missions.

The next meeting is to be held at Brenham,

on Saturday, October 1, 1870.

BAPTIST GENERAL ASSOCIATION OF TEXAS.

The Association met at Tyler on Friday, July, 23, 1869, Rev. W. G. Caperton in the chair. There was an unusually large attendance of members; over forty ministers were present

The Bible Board reported: "This Board is coordinate with the other Boards of this Association, and is capable of being a co-laborer with them. The distribution of Bibles, dewith them. The distribution of Silver in one of its prime objects. This is in accordance with the work of the missionary, and in this

department, we may very well be co-laborers.
"We fully appreciate how, in our present enfeebled condition, much of the colportage work may be done under the direction of the Missionary Board in agreement with us. Yet we believe there is a work in this department that can be successfully performed only by the earnest and plous colporteur: supplying fields even where the missionary does not go; pioneers, going into every family, carrying comfort to the distressed, instructing those without knowledge of the gospel. We especially invite the attention of the Association to this successful coadjutor in the work of evangelization.

work of evangelization."
The report of the Board of Missions was made through their General Agent, Rev. R. C. Buckner. The report showed that a very large preparatory work had been accomplished, and much actual missionary labor

performed.

The Committee on Finance made their report. Funds reported for Sunday-schools, \$45; for minutes, \$32; for Bible Board, \$11.40; for missions, \$144.75; for educational pur- vision over all Sunday-school libraries and

poses, \$87.25; for general purposes, \$92.50. Total, \$412.90. Most of this was specie, the remainder currency. If the amounts raised for the Domestic Board of Missions and the amounts pledged be added, the total will be over \$850 against an amount last year of less than \$100.

The next meeting is to be held on Friday, July 22, 1870, at Paris.

TEXAS BAPTIST S. S. AND COLPORTAGE CONVENTION.

The first annual meeting was held at Bryan, on Friday, July 9, 1889, the President, Rev. J. H. Stribling, in the chair. One hundred and thirty-three delegates, and 27 honorary members were present. The introductory sermon was prenched by Rev. J. B. Link, from John xvii. 10-13. Subject. "The Motives to Christian Effort, and the Principles which should tian Effort, and the Principles which should guide it.'

There were practical questions discussed, and exemplifications given of modes of Sunday-school instruction, as follows:

1. "What is the chief end of Sunday-school

instruction, and how can it be best obtained."

2. "The qualifications and duties of super-intendents."

3. "A practical exemplification of Sunday-

school management."

Libraries occupied the attention of the Convention, and the following resolution was

"Resolved, That the Board of Managers be instructed to exercise the most careful super-

books distributed through their agency, and I that any found to contain objectionable sentiments, doctrinal or otherwise, be promptly returned to the source from whence they came, and the titles of said books, and the objectionable matters found in them be published in the Baptist Herald, for the information of the brethren."

Sunday-school papers were also under consideration, and a committee reported on the subject as follows: "That in their opinion a good Sunday-school paper cannot be too highly estimated. A paper coming into the school once or twice a month, is looked for, and read with avidity, when a book lies neglected. A book soon gets old, but a paper is always fresh and new. The young will read, and ought, by all means, to be supplied with sound literature. Every school should take papers enough to supply each family with one or more copies."

From the report of the Board we extract the following: "The demand for Sunday-school and religious books is very considerable among our people, and evidently on the increase. With our limited means, we have been able to supply only partially the de-mand. Very little has been done in the way of colorrage. A great deal could be done in this way, if we but had the men and money. One brother reports sales to over six hundred dollars' worth of religious books in some of the upper counties, in one year, on his own

"We need an active, permanent agent to take hold of this work. Pastors can do much to help in the way of raising money, building up Sunday-schools, and in circulating good books. We greatly need their cooperation.

Let our motto still be a Sunday-school in every church in the State, and religious reading for the people. Who will not help in such a noble

account.

"We have recently received the following noble gifts from some of our brethren at the North: Smith Sheldon, New York, books to the amount of \$228.50; Col. Morgan L. Smith, formerly of Brazoria county, in this State, \$250; American Baptist Publication Society, of Philadelphia, \$430; National Sunday-school Convention, in session at Newark, New Jersey, \$180. Most, if not all of this, has been secured through the personal influence of secured through the personal innunce of Col. Smith. He has also secured promises of aid from the American Tract Society, and American Bible Society. The American Bap-tist Publication Society has agreed to pay the salary of a good, efficient general agent, to be selected by us."

Rev. J. B. Link, editor of the Texas Baptist Herald, presented a report on colportage, with resolutions: "That we should not be disposed to let so important a work be passed by so carelessly. We propose the adoption of the following resolutions: "Resolved, That our Board be instructed to

give special attention to this department of our work, and put into the field as many colporteurs as they possibly can sustain, and fa-cilitate industriously the circulation of a sound literature as far as possible. "Resolved, That as there is a most alarming

and astonishing destitution of the Bible throughout the country, special attention be

given to the circulation of the word of God."

The Tressurer reported \$1,266.56 received

during the year; \$1,177.57 expended; leaving a balance of \$88.99.

The next meeting is to be held at Chappel Hill, on Friday, July 8, 1870, Rev. J. H. Stribling to preach the introductory sermon, Rev. G. A. Grammar, alternate.

VERMONT BAPTIST CONVENTION.

The Convention met at Brattleboro, Oct. 8, 1869. Six delegates were present. A heavy freshet prevented a general meeting. The body adjourned to meet at the call of the

President of the Board.

In accordance with that call, the forty-fourth anniversary was held at Windsor, No-vember 10, 1869. John Goadby, D. D., was chosen Moderator. Forty-nine delegates and chosen moderator. Forty-nine delegates and 15 visiting brethren were present. The annual sermon was preached by Rev. Mark Carpenter, from 2 Cor. vi. 1. The doctrinal sermon was preached by H. Fletcher, D. D., from Rom. vi. 3, 1 John v. 8, and Col. ii. 12. Subject: "Ordinances of the Church,—their Symbolism.'

From the report of the Board it appears From the report of the Board it appears
"That thirteen churches have been aided to
the amount of \$2,675. These churches number 678, and 63 have been added to them by

The Board, however, anticipate that the result will show that but ittle has been accomplished towards raising the centennial fund proposed last year, and recommend that the effort to secure it be con-

"At the meeting of the Board in February, a few liberal-minded brethren proposed to the Board the employment of Rev. H. G. De Witt to labor as an evengelist in this State, under the direction of the Board; they becoming responsible for his salary, and the col-lections made by him to go into the treasury of the Convention. After proper inquiry in regard to the character and influence of the labors of Mr. De witt, this generous proposi-tion was accepted by the Board, and he com-menced his labors on the first of September, and is now prosecuting them with encouraging results."

The committee on Foreign Missions presented a table showing the increase of contributions to that object since 1860:

TEAR.	MEMBERSHIP.	CONTRIBUTIONS.
1860	8,268	\$ 711 84
1861	8,374	920 86
1862	8,399	763 03
1863	8,431	929 38
1864	7.959	950 70
1865	7.690	1,027 40
1866	7.714	1,278 51

1868	8.433	2,542 65
1869	8,518	2,665 36

From this table it appears that the missionary contributions have been trebled during the last ten years. The report of the Board for 1868 shows that they are not un-mindful of the home field. It says, "We do not know where on the continent any 8,000 Baptists have expended so much for domestic missionary purposes during the last two

BAPTIST GENERAL ASSOCIATION OF VIRGINIA.

The forty-sixth annual session was held southern Baptist Theological Seminary. So with the First Church, Richmond, June 3, that, in all, twenty-nine young men have release, the President, J. L. Burrows, D. D., in ceived assistance in fitting themselves for the chair. There were present 53 delegates from Associations, 48 from Missionary Society work of the gospel ministry. ties, 334 from churches, and 70 life-members.

The introductory sermon was preached by Rev. J. A. Haynes, from 2 Cor. v. 13-15. Theme: "The Madness of Paul."

The Association embraces a State Mission

Board, a Sunday-school and Bible Board, and an Education Board, located at Richmond; a Foreign Mission Board at Charlottesville; a Domestic Mission Board, at Petersburg; and a Committee on Education of Children of Deceased and Disabled Soldiers, at Charlottes-

ville.

The State Mission Board reported: We have not been able to employ half as many missionaries the current year as were in the field at the time of your last meeting. In consequence of the financial embarrassment of the Board, the question of suspending our work altogether was seriously considered, and only by a divided vote and after protracted discussion was it determined to continue operations on a scale limited to the ap-

priation of \$2,500.

"Under this restriction fifteen missionaries were appointed, two of whom, after laboring a few months, removed to other fields. Thirtyfour stations were supplied by our mission-aries, in portions of fifteen counties, and twelve towns and villages. In connection with these stations, thirty-one Sunday-schools were sustained. Our brethren preached 1,302 sermons, baptized 283 converts (of whom 18 were colored persons), made 2,941 visits for religious conversation and prayer, organized religious conversauou and prayer, o seminor 7 new Sunday-schools, and 3 new churches; besides alding pastors in meetings, distributing religious books and tracts, and performing other ministerial duties. We have reason for gratitude to God that with so small a corps of missionaries so much was done for

his glory and the salvation of souls.

"We regret that we cannot report the collection of money sufficient to pay our old debt, and the new obligations incurred by these appointments. Our total liabilities now amount to about \$3,600. The Treasurer's report shows small receipts since our last an-*\$650, made to pay the balance due our missionaries for 1867-'68."

The 15 missionaries report 605 weeks of service, 1 302 sermons preached, 2,949 visits for religious instruction, 283 baptized, 3 churches and 7 Sunday-schools organized.

The Education Board reported: "The total of students at Richmond College preparing for the ministry has this session reached thirty-two, of whom, however, four pay their own expenses, leaving twenty-eight to be supported in whole or in part through your Board. Besides these, there has been, in accordance with the permission granted by resolution of the last General Association, an appropriation of fifty dollars to assist a young olution of the last General Association, an It is thus seen that Virginia Baptists are appropriation of fifty dollars to assist a young doing their own work, they love to do it, and brother in prosecuting his studies at the they are doing it well."

"In the collection of funds we have not been so successful as was desired and expected. The receipts for the fiscal year have pected. The receipts for the fiscal year have been as follows: Balance on hand June 1st, 1888, \$22.21; received per Treasurer of General Association, \$250; received from the churches and individuals, cash, \$1,199.20; received from the churches and individuals, provisions, worth \$441.01; total, \$2.412.51. The expenditures for the year have been \$2,412.50. Thus there is a balance due, the Treasurer of \$150.72. Besides which these is due to the 59.78. Besides which, there is due to other members of the Board, for money advanced, \$120, and to bills outstanding, \$186."

The Sunday-school Board reported the condition of the schools in the State as follows:

"These statistics are considerably below the actual number and condition of the schools. The difficulty in collecting such information is proverbial. From an extended and long acquaintance with the work in the State, it is our conviction that fully sixty regularly organized schools failed to report their numbers to the Board. Placing them at the moderate average of forty, we have four hundred and sixty schools in 1868, with thirty-seven thousand two hundred and fifty-three in the ranks.

"It may also be noticed that these are hile schools only. The colored Baptist while schools only. The colored Baptist churches have their own State organizations. and their Sunday-school work is progressing well. Their schools are numerous and large and if counted into our State denominational aggregate give yet greater increase to our

numbers.

"It is not less important that it should be known that these are Baptist schools. ten in the four hundred are conducted upon the union plan. We take the Bible for our the third plan. We take the block of the children as the great object; but when converted to Christ we desire next to make them Baptists.

tytown, October 1, 1869. An unusually large delegation was present. The introductory sermon was presched by Rev. John Woofter. Subject: "The Doctrines of the Gospel."

Rev. J. B. Hardwicke read the report of the Executive Board. We present a brief summary of it: "Three-fourths of a century ago there were very few Baptist churches west of the Alleghanies. It has been less than forty years since D. Witt and J. B. Jeter crossed the mountains, and planted the standard of the cross upon the w-stern slope. We have now 100 ministers, 270 churches, and 9 District Associations, with 20,000 members in West Virginia." The report proposes the appointment of a missionary to cultivate the destitute points in each District Association, calls for "\$6,000 for Jesus for the coming year," and pays a high but deserved compliment to the faithful and self-denying missionaries of the Board. Besides superintending the missions and performing office mary of it: "Three-fourths of a century ago tending the missions and performing office work, the Secretary has raised over \$3,000

"Of these churches, one hundred and twenty-four are regularly supplied by pas-tors, leaving fifty to be reached only by itin-erant missionaries and occasional supplies. About twenty of those now without pastors can afford a scanty support for a pastor, leav-ing thirty whose wants can only be met by missionary aid, while some twenty of those having pastors are now receiving aid from the Home Mission Society. Many of these destitute churches are very small, but there is not one of them but really ought to live. and some of the smallest are in fields of great importance, and must not be left to die.

"Some of them are wholly surrounded by foreigners, with no evangelical influences near them, except what is shed by these little churches, and they feel they must not be left to die, if only for the sake of these perishing thousands around them."

Eighteen missionaries have been laboring in the State, recommended by the Conven-tion to the Home Mission Society for their

support.
"These have together performed labor equal to the service of one man for thirteen years. The number of conversions in connection with their labors is over four hundred. The number added to the churches where they labored are many scores."

Of this sum the Commission appropriated \$50 to Hamilton, \$58.35 to Upper Alton, and \$392.62 to Chicago.
